MESSAGE

I am very happy to learn that Sainik School, Imphal is bringing out the next edition of its annual school magazine 'Orchid' 2018-19.

It is a matter of great satisfaction that Sainik School, Imphal has earned the proud distinction of an educational centre par excellence and has raised the bar of the quality of education not only in the State of Manipur but also in the whole of North Eastern Region. Since its establishment, the school has successfully nurtured several cadets who have become outstanding officers in the Armed Forces. Not only in the three Services of Army, Navy and Air Force, many of them again have excelled in other fields and are leading successful lives. The invaluable contribution made by the School to the society on the whole is immense and praiseworthy. I am fully confident that Sainik School, Imphal will continue to follow the path of success and gain greater heights with wholehearted dedication in future also.

I, once again, convey my best wishes to the students, teachers and all staff of the school for a bright future and also wish publication of its annual magazine 'Orchid' a grand success.

MESSAGE

I am happy to learn that Sainik School Imphal is coming up with its next edition of the School Magazine "Orchid" 2018-19.

Sainik School Imphal is rendering yeoman's service to the North Eastern states by imparting quality education to the cadets from remote areas. The School has shown appreciable improvement in various facets apart from the objective area of training boys for entry to National Defence Academy.

The school's annual magazine "Orchid" which is a domain for the cadets and staff to put forth, creative, thought provoking ideas, innovative concepts as well as create a flair for writing.

I extend my best wishes to the staff and cadets in their pursuit for excellence.

Jai Hind!

MESSAGE

23 May 2019

The image of sturdy young boys- delightfully dexterous on the games field- is what springs to mind when the name of Sainik School Imphal is referred. In the past, the students have proved their potential in the UPSC (NDA) entrance examination too. I am certain that the school will not belie the belief of all those who have a stake in it, that it will equally excel in academics, sports, arts and all other areas of education.

A school journal encapsulates the various events, activities, accomplishments of the year in words and photographs which serve both as memories and motivators for the present lot and for posterity. The best performances and experiences of the school find an echo in these pages. The dramatis personae in here - which is almost everyone on the school's rolls- are overtaken by feelings both of novelty and nostalgia every time they flip back to see what has been.

There is so much creativity and hard work behind the making of a school magazine, though the process itself appears humdrum and mundane. In that sense, work in the editorial room is never quite done. The moment this year's magazine is released amidst the usual gala and regalia, the team is already on the job of putting together the next edition. Every ounce of effort however has its gain, when we consider the quantum of joy the magazine brings, not only to the people it portrays, but also to their beloved ones at home. Moreover it spurs everyone- including those mentioned in patches, the achievers as well as the other readers to excel better.

I wish the Principal, Staff and Cadets of Sainik School Imphal good health, good cheer and good memories in the year ahead.

Jai Hind!

Gp Capt P Ravi Kumar

MESSAGE

I am delighted to know that Sainik School Imphal is bringing out the next issue of its magazine "Orchid" 2018-19.

Sainik School Imphal is a unique school in the North East with the primary aim of sending the youths to the armed forces which helps in removing regional imbalance in the Officer's cadre. The efforts of the school to inculcate discipline competitiveness and high values amongst these boys are invaluable

I am glad to know that Sainik School Imphal has been doing yeomen service to the nation by sending its cadets to NDA and other coveted walks of life thereby making them responsible citizens of the nation. The school has also shown qualitative and quantitative improvement in CBSE results. The credit for these achievements goes to the Officers and staff of the school.

I convey my best wishes to the Principal and staff for their sustained efforts in bringing overall improvements in the school. I wish the school to be the best in its future endeavours.

MESSAGE

It is a matter of satisfaction that Sainik School Imphal is bringing out the next issue of its annual magazine "Orchid"

Sainik School Imphal has played an important role in providing education and in preparing boys of the North Eastern States for entry into the National Defence Academy. The School Magazine serves as an ideal platform to foster creativity, original thinking and aesthetic sensibilities of the cadets and staff. It mirrors the vast spectrum of scholastic and co-scholastic activities carried out at the School for all round personality development of the cadets.

I am confident that the School will continue to maintain the tradition of imparting quality education to its students and preparing potential officers for the Defence Forces of the Country.

On behalf of GOC-in-C Eastern Comd & GOC 3 Corps please accept heartiest congratulations for the noteworthy achievements and very best wishes to staff and cadets of the School. I am sanguine that the sustained hard work and dedication will garner glory for Sainik School Imphal.

Jai Hind.

(V Sreehari)
Maj Gen
GOC & Chairman LBA

Sainik School Imphal

FROM THE PRINCIPAL'S DESK

Since its inception on 1971, Sainik School Imphal has been involved in an eternal pursuit in nurturing and training the youth of North Eastern states to lead the nation in almost all socio-economic spheres in general and defence services in particular. The school ignites the latent talent among cadets within the paradigms of human values, ethics and traditions to achieve self discipline, honesty, integrity, punctuality, physical fitness, mental robustness, emotional stability, social adaptability and excellence in academic, sports and co-curricular activities. I feel privileged to present before you the school Annual Report 2018 with an aim to evaluate our performance and work out new strategies for future development. The following path-breaking measures in this academic year 2018-19 have been implemented: -

- (a) Objective quantitative code of conduct card for each cadet.
- (b) Own school Mass messaging system implemented.
- (c) Emphasis on Club / Leisure / Hobby / Music activities etc.
- (d) Special intensive training to class XII cadets for NDA.
- (e) SSB orientation cadre for all class XII cadets.
- (f) Motivational tours and interaction sessions for class XII cadets.

- (g) Bi-monthly motivational lectures for all cadets.
- (h) Introduction of one week 'Basic Orientation Cadre' for newly admitted cadets.
- (j) Introduction of Ek Bharat Shrestha Bharat events.
- (k) Unit Test, Slip Test were conducted.
- (l) Three set of question papers and codified evaluation based exam system for all examinations.
- (m) Grand welcome and Blessing ceremony for newly admitted cadets and befitting farewell / honour for class XII passing out course.
- (n) Additional up-to-date athletic field, football ground and six a side hockey field were made functional to cater daily for sports training requirements of the school.

Academics. Performance of the school in respect of CBSE Examinations for Class X and XII for the session 2017-18 was excellent. In All India Sec School Examination (Class X), the school achieved 100% pass percentage with highest score of 93.4% by Cdt Tilobanta Ayekpam. Out of 88 students who appeared in the exam, 04 students scored above 90%. In All India Sr Sec School Certificate Examination (Class XII), the school attained 100 pass percentage.

Gp Capt HCS Chauhan

Out of 79 students who appeared in the exam, 32 secured 75 to 91.8% with 100% result.

NDA Results. A total of 138 cadets have already joined the National Defence Academy. Besides NDA, more than 40 cadets have joined the Army and Navy as officers through 10+2 Technical Entry Scheme, CDS Entry Scheme, Short Service Commission Scheme, Technical Entry for Engineers and Post Graduates. Cadet Boris Sougrakpam, cleared the SSB held on 22 Apr 18 with a All India merit list of 179 for admission to NDA 141 course for which training command from 02 Jan 2019. Four cadets of Class XII had qualified the UPSC written examination held in Sep 2018. However, they failed to qualify into SSB for entry into 141 NDA and 104 NA courses.

Games and Sports. The School Sub Junior Football Team once again proved its supremacy by winning East Zone Football Tournament held at Sainik School Goalpara wef 09-14 Jul 18 and Inter Zonal Sainik Schools Football Championships held at Sainik School Ghorakhal from 07 to 11 Aug 18 and became eligible to represent Sainik Schools Society in the prestigious 58th Subroto Cup International Football Tournament held at New Delhi from 22 Aug 2018 to 06 Sep 2018. Also, various sports events were conducted in the school as chartered in the School Calendar.

Sqn Ldr Sreepakash J, Vice Principal of this school emerged as the Winner in the 4th Master & stood Runners up in the 6th in Senior State Level Squash Championship 2018 held in May 2018. Mr LM Roy, TGT (Gen Sc) got Runners Up in the 4th Master State Level Squash Championship 2018 held in May 2018. Both of them as well as Mr S Ashok were selected to represent Manipur in the National Squash Championship. In the 4th & 6th State Level Sub-Jr, Squash Championship 2018 Cadet Deepraj, Cadet Suraj Singh and Cdt Linthoi secured Winner and Runners up in the boys & girls category respectively. 12 cadets and 04 Girl cadets participated in the National Squash Championship 2018 in Jr and Sub-Jr category representing Manipur State held at Jaipur from 28 Oct to 01 Nov 2018.

Co-curricular Activities. Co-curricular activities are hallmarks of Sainik School Imphal. Various competitions are conducted at Inter-House levels in disciplines of Quiz, Debate, Ex-Tempore, Declamation, Recitation, Essay Writing, Elocution etc. Education is a necessary manifestation of life itself and therefore our cadets are not confined to the four walls of the classrooms. They are encouraged to participate and inculcate an interest for co-curricular and extra-curricular activities. They are also groomed in order to be positive addition to the moral fibre of the Society and competing with the best in the world of Science and Technology. Our students are divided among four Senior & two holding Houses. All competitions are conducted on Inter-house basis in various co-curricular activities under Senior, Middle and Junior categories in various disciplines. Notable achievements during the year are as under: -

(i) Adm No. 3618 Cdt Leechinghenba Lairenmayum of class X was adjudged the best student in the 40th State Level Students' Science Seminar 2018 held at Lamyamba Sanglen on 19 Sep 18. He represented Manipur State in the National Students' Science Seminar 2018 held from 04-06 Oct 18 at Visvesvaraya Industrial & Technological, Muesum, Bangalore and bagged 2nd position.

(ii) Adm No. 3673 Cdt Konsam Kelvin of class IX and Adm No. 3784 Cdt Pibarel Lairenlakpam of class VIII won National Level Quiz Cum Project Assignment Competition "Deen Dayal Sparsh Yojana" award organised by Dept of Post, Govt of India held on 31 Aug 18 & 22 Oct 18 and achieved one year scholarship award of Rs. 500/- per month.

(iii) Adm No. 3674 Cdt Sridarth Nongmeikapam of class IX, Tagore House got Best Player award in the East Zone and Inter Zonal Football Tournament held at SS Goalpara and SS Ghorakhal respectively.

(iv) Cdt M Jayalakshmi & Cdt Arkajyoti Majumdar of class XII stood 2nd and 3rd position in the Debating Competition on UN Days Observation organised by Lions Club held on 24 Oct 18 at Sangaiaprou.

(v) Cadet Nivash & Cdt Lunminthang Guite of class XI stood 2nd position in the Extra Premium Quiz organised by IOC and The Hindu Publication on 04 Dec 18 at City Convention Centre, Imphal.

(vi) Cdt Izah Ahmed Chesam & Cdt L Clinton of class IX & X secured 2nd position in the Hepatitis Quiz on World Hepatitis Day organized by Community Network for Empowerment, Palace Compound at ISTV Studio on 06 Aug 18.

Adventure Activities. Adm No. 3749 Cdt Z Wironbou and Adm No. 3704 Cdt N Lamngamba of class ix participated in all india sainik schools adventure camp at Ladhaki Peak, Himachal Pradesh organized by Sainik School Kunjpura, Karnal, Harayana as a part of "Ek Bharat Shreshtra Bharat" Calendar event in the month of May 2018.

Vanmahotsava Celebration. The School celebrated Vanmahotsava as a part of its week-long celebration all over the country on 07 Jul 18. On the occasion, more than 2000 saplings were planted by the Chief Guest, Officers, staff and cadets inside the school campus.

International Yoga Day. The school celebrated 4th International Yoga Day on 21 Jun 18 at Assembly Ground of the school. Cadets, staff, families, parents

and old boys participated with great zeal and enthusiasm. Yoga Demonstration by cadets, Quiz Competition on Yoga, reading out of Hon'ble Prime Minister's message was part of the celebration.

Socio-Cultural Milieu The school has been made a sub-chapter of SPIMACAY Virasat Series. Renowned artists like Pandit Nayan Ghosh and Ishan Ghosh have performed on 30 Sep 18 at the school to sensitize young cadets about rich cultural heritage of the country.

Motivational cum Educational Tours. The school has been organizing educational tours to various places with an aim of giving cadets exposure to the outside environment and breaking the monotony of the school routine. Keeping the importance of travelling in mind the school organizes a number of excursions, tours, expeditions and trips to various destinations, including Army, Air Force and Naval establishments. This year also 48 cadets of class XI were sent on an educational cum motivational visit to Pune to witness passing out of NDA and to visit Air Force Station, Pune, CME, AIPTC etc. These cadets have immensely benefitted and are greatly inspired to join the NDA.

NCC. In Sainik Schools, NCC Training is compulsory for all students right from Class VII to class XII. Cadets promoted to class VII are immediately enrolled in NCC and start getting training according to the Training Programme. At present we have one troop under Senior Division (Army) NCC Coy and a total of seven troops under Junior Division (Army) Coy.

Enhancement of quality of life of Cadets. Various measures and projects have been implemented and undertaken some of them are:-

(i) To improve the performance of cadets in the SSB, the school conducted SSB Training by hiring instructors from Baalnoi Academy, New Delhi from 13th to 27th Oct 18 in the school for class XII cadets.

(ii) The school has completed the construction of infrastructure for GTO task of SSB.

(iii) Five Desktop Computers of latest specifications for use in the Main Office, Accounts Section other sections have been procured at an approximate cost of Rs. Two lacs and Heavy duty Photocopier Machine with latest technology was also procured for Exam Cell at an appx cost of Rs. 3.5 lacs.

(iv) As a permanent solution for creating Fort for Annual Athletic Meet conducted every year, the school constructed "Kangla Dwar" at an appx cost of Rs. 3.8 lacs from State Grant in Aid.

(v) Obstacle area & Ground maintenance, which was not in use for decades due to poor maintenance, was revived. For this purpose JCB and tippers were hired and for labour work, school man power was used. The soil taken out from the obstacle area was utilised to maintain the low lying area. Further by using tractors and road rollers the area was leveled. The expenditure was borne from grant-in aid of State govt.

(vi) Construction of Septic Tanks for staff and employees who reside at the quarter line is in progress. It can be completed on availability of funds. Moreover, the two Septic tanks are upgraded.

(vii) The school is planning to raise the Height of Footpath around dormitories so as to facilitate safe movement of the cadets from hostels to Cadets' Mess and Academic building. The estimated cost for the same will be Rs. Two Lacs (approx). The work will be undertaken on availability of funds.

(viii) **Chain Link Fencing.** This work has been approved to be undertaken by MES as Deposit Works. The tendering action has already been completed by GE. The work is under progress.

(ix) **Construction of new Auditorium** is in progress, Pillars and roof upto 2nd floor have been completed.

(x) Phone facilities for smooth communication with postpaid connection for the use of cadets in the respective dormitories have already been provided.

(xi) Approx 900 outdated tube lights and 300 bulbs were replaced with LED in the school; provided

by MSPDCL (UjalaYojna). The total expenditure was Rs.2,19,000/- borne from State Grant-in-Aid.

(xii) Renovations of Toilet in the Academic Block with urinal fittings, drain pipes and wash basins have been done. The total expenditure was Rs. 1,09,044/-, borne from state Grant-in-Aid.

(xiii) The dormitories were distempered after decades; and painting over the windows and top of wall mounted tables were carried out. The total expenditure of Rs. 4,64,930/- was borne from state Grant-in-Aid.

(xiv) VIP power-line has been revised which was not available due to flood on the Imphal River. The total expenditure of Rs. 60,358/- was borne from State Govt's Grant-in-Aid.

(xv) The school has been selected for setting up of Atal Tinkering Lab under Atal innovation mission, which provides grant-in-aid that includes a one-time establishment cost of Rs. 10 lakh and operational expenses of Rs. 10 lakh for a maximum period of 5 years.

(xvi) Construction of bathrooms in the dormitories (Hostels). Adequate water storage overhead tanks for toilets and bathrooms from Special Grant-in-Aid.

Grey Areas Though, the performance of the school has been outstanding in various fields, it has also its own share of problems. If I may project some of the problems and requirements of the school, which need immediate attention of the Govt of Manipur. It is worth putting across the gravity of situation as it directly affects the morale and safety of our school children. Some of the grey areas confronted by the school are as follows:-

(a) **Financial Aid.** As per the laid down conditions, the entire responsibility for maintenance and upkeep of infrastructure lies with the Government of Manipur. The State Government is supposed to provide Capital Grant and Annual Maintenance Grant to the school on recurring basis. However, the school is deprived of such grants from the Government

not only for maintenance and development of its basic infrastructure but also for organising the NCC, Co-curricular, and Extra-Curricular activities. Consequently, the training and morale of the cadets have got adversely affected. Hence, there is a need to allot Capital & Annual maintenance & special grants besides special training grant for conducting NCC activities by the state Govt on regular basis.

(b) **Revision of Scholarship.** The case for revision of scholarship in tandem with order of Ministry of Defence for the students of home state is pending with the Govt of Manipur with no action from them.

(c) **Infrastructural Requirement.** Considering the existing boarder strength of 558 cadets, the infrastructure available in the school is far from satisfactory. Moreover, as the school has crossed 46th years of its existence, the indications of ageing are distinctly visible on the school buildings. There is an urgent need to carry out extensive repairs all over the school. Besides the internal water supply lines, electrical wirings and fittings, drainage and sewerage system also need renovations.

(d) The aforesaid requirements of the school need to be addressed urgently so as to preserve this premier school as an asset for the future. I am sure and confident that this premier institution will soon find a favour from the State Govt to remain as one of the best institutions in the NE region.

At the end, I wish to thank all the members of Academic Staff, Adm Staff, NCC, PTI staff and General employees of the school for their consistent hard work, loyalty and devotion to duty. We are the strong willed team and need continued support and goodwill of Govt of Manipur and active co-operation of the parents.

Jai Hind

From the Senior Master's Desk

School Magazine is a vista of assorted writing skills of students. It provides them to expose their hidden talents in various ways. In fact, it is an accretion of students' ability to depict them through their writings. Apart from the normal class- room teachings, we need to track the hobbies of each individual student and nurture him to excel in it.

Sainik School Imphal provides equal opportunities to all its cadets. 'The Orchid', the annual magazine brings together all the best scripts which our cadets have prepared on their own. The magazine showcases different flairs of articles like stories based on experiences/incidents, poems, imaginary tales, jokes, etc. It is also a platform exhibiting images of all important events that school has witnessed in the session 2018-19.

I am extremely delighted that the Editorial Board of 'The Orchid: 2018-19' has put it in its final shape; ready for publication. I extend my sincere thanks to the Board and every individual associated with the annual magazine.

Happy reading!

(Mr Md Abdul Haque)
Senior Master

From the Editor's Desk

Dear Reader,

'There is no greater agony than bearing an untold story inside you'.

MAYA ANGELOV

Welcome to the latest edition of "Orchid" 2018-19. Yet again, we unravel some of the invaluable moments of the school during the session through photos and write-ups. Enthusiastic writers have also shared a wide, colourful range of articles, poems, jokes and facts. Many of them have also shared experiences and stories they have earned through numerous activities of the school. So, a deep regard to those who have willingly taken pains to contribute to this edition.

The taste of editing was no less than a Himalayan one. I am indebted to the editorial team for the genuine team work they have exhibited all throughout.

I am also grateful to Hon'ble Principal, Vice Principal and Administrative Officer for rendering maximum support and continued guidance in making this publication a reality.

So, from entire 'Orchid' team, If wish all the readers 'Fruitful Reading'

Mrs Sarjoo L
TGT English
Editor

VISITORS REMARKS

Date of Visit	Name, Designation & Address	Remarks
13 Apr 2018	Shri MC Chakrabarty, IDAS CDA (Ghy)	It is a great experience to visit the school and relive the school days – which for me started way back in 1972. It is where the boys are trained and moulded with a value system for their life's journey. I wish the commandant and his team the very best in their endeavour and may the school grow from strength to strength.
07 Jul 2018	Dr J Suresh Babu, IAS Chief Secretary, Govt of Manipur	Sainik School Imphal has been doing excellent service to the students of Manipur. I appreciate the efforts made by faculty and students in environment preservation activities. My Best Wishes to all.
07 Jul 2018	Shri Hawaibam Deleep Singh, IAS Commissioner Edn Higher School Govt of Manipur	Sainik School, Imphal is an excellent institution managed with very limited resources. It is driven chiefly by the deep dedication of the Principal and his teachers and staff and succeeding in rolling out outstanding students every year. We encourage to keep it up.
07 Jul 2018	Shri D John Sha, MFS Asst Conservator of Forests	I am glad to be a part of tree plantation programme at Sainik School Imphal. Planting of trees is the duty of every citizen for good environment and to combat climate change. I congratulate the Principal, teaching staff, staff and students for taking the initiative to plant trees in the campus. Wishing Sainik School Imphal the very best.
23 Jul 2018	Maj Gen VK Mishra GOC 57 Mtn Div & Chairman LBA Sainik School Imphal	A very fruitful meeting with the school administration as well as the faculty. We shall do our best to bring in all round excellence.
12 Dec 2018	Shri Th Radheshyam Singh Hon'ble Minister of Education and Labour & Employment Govt of Manipur	Great moment for me to be a part of the 44 th Annual Athletic meet opening ceremony. The Principal and his whole teams has been doing a great job in maintaining the school in all respects. I appreciate and congratulate him & his team. All my best wishes to the school.
16 Dec 2018	Ms RK Tutusana, IPS DIG of Police Dy Director & I/c Director Manipur Police Trg College, Pangei	A wonderful sports event. Congratulations to the Principal, teachers and all staff of the school. With Best Wishes.
17 Dec 2018	Shri Sunil Oinam State Information Commissioner of Manipur	I am visiting the school after a long time. It was nice to interact with the teachers and students. The Science and Arts Exhibition was wonderful. The boys continue to maintain the spirit of SSI.
18 Dec 2018	Brig K Somashankar, SM Dy GOC, 57 Mtn Div	Hearty compliments to the Principal, Staff and cadets on an excellent show on Annual Day 2018. Best wishes to Sainik School Imphal.
10 Jan 2019	Brig RS Sethi Gp Cdr NCC, Imphal	A privilege to interact with the students of Sainik School Imphal who are participating in this camp. I am certain that they will love every moment of it and carry back fond memories for life! All the best! Jai Hind!
16 Jan 2019	Shri L Susindro Singh MLA, Khurai Assembly Constituency	I am very happy to see the community of Sainik School and providing drinking water tap to the people of Khurai.

Sainik School's 44th Annual Athletic Meet concludes

IMPHAL, Dec 16: The 44th Annual Athletic Meet of Sainik School Imphal which began on December 12 concluded today.

The closing ceremony of the five day athletic meet was graced by RK Tutasana, IPS, Deputy Director and In-charge Director, Manipur Police Training College, Imphal as chief guest who also gave away prizes to the winners of various athletic events held today.

Speaking on the occasion, K Tutasana expressed that witnessing such an event made her recall her old school days. Saying that participating is more important than winning she stressed on the importance of games and sports which invoke the sense of team spirit besides health benefits. She also added that and sports help a lot in grooming persons and can be a pivot for their future careers.

Tutasana also appreciated the cadets for their positive performances in the athletic event. She thanked Offg Principal D Shankar, the entire staff of the school for their endeavour in conducting such a wonderful event. She concluded with a statement of the

Sainik School Imphal celebrates 46th annual day

IMPHAL, Dec 18: The 46th annual day of Sainik School Imphal was celebrated today in which Brig K Somashankar, Brigadier, GOC, Red Shield Division, Imphal, was the chief guest. Prior to the ceremony, the chief guest witnessed an impressive exhibition on Arts, Science and Philately & Computer Science and interacted with the students.

Prizes were distributed to the toppers, winners in gam curricular activities and sports. Letters of appreciation were presented to the school with meritorious cadets. Brig K Somashankar, Brigadier, GOC, Red Shield Division, Imphal, was the chief guest. He witnessed an impressive exhibition on Arts, Science and Philately & Computer Science and interacted with the students. Prizes were distributed to the toppers, winners in gam curricular activities and sports. Letters of appreciation were presented to the school with meritorious cadets.

He urged the cadets to be the greatest motivation up to further heights. He emphasized the importance of games and sports which invoke the sense of team spirit besides health benefits. She also added that and sports help a lot in grooming persons and can be a pivot for their future careers.

Arts & Science exhibition held

IMPHAL, Dec 17: Sainik School Imphal conducted the Arts & Exhibition for the academic session 2018-19 today.

Oinam Sunil, State Information Commissioner of Manipur and Bureau Chief (North East) of the Times of India graced the occasion as dignitaries.

Sunil witnessed the exhibition on Arts, Science, Philately, Computer Science etc and interacted with the students.

Sainik School celebrates 47th raising day

IMPHAL, Oct 7

Sainik School Imphal celebrated its 47th Raising Day today with great enthusiasm and gaiety.

Senior members of the school staff and alumni attended the function.

The celebration was marked by a laying ceremony to the Gurus' Pillar by staff, ex-students of the school followed by cake cutting ceremony at the school assembly ground.

On the occasion, variety entertainment programmes, were conducted. The ex-students interacted with the staff and cadets and also gave a series of invaluable lectures thereby motivating and inspiring the cadets.

The visiting ex-students and cadets showcased their latent talents to give festive mood to the occasion. The celebration culminated with grand lunch in the cad mess.

Gp Capt HCS Chaul, the school Principal in his address appreciated the efforts of the staff and ex-students for their relentless efforts to make the school flag soar high. He urged everyone to have unity and work together to take the school to greater heights. He said a statement of PIB (Police In-fence Wing).

Sainik School Imphal celebrates Van Mahotsav

IMPHAL, Jul 7

Sainik School Imphal celebrated Van Mahotsav as part of its week long celebrations all over the country on Jul 7.

Chief Secretary, Govt of Manipur, Dr J Suresh Babu attended the celebration as chief guest while Commissioner Higher Education & School, H Deleep Singh accompanied by John Sha, Asst Conservator of Forest, Central Forest Division, Imphal also attended.

On arrival, the chief guest was welcomed by Gp Capt HCS

Life: Edn Minister at Sainik School, Imphal

PR

IMPHAL, Dec 12: Education Minister Thokchom Radheshyam advised students to inculcate the habit of hard work and a strong determination to achieve their goals in life. To accomplish aim in life, one must have a clear vision and learn how to attain it, he said.

The Minister was speaking at the opening ceremony of 44th Annual Athletic Meet, 18 of Sainik School Imphal. Encouraging the students, he said that fair play is more important than winning. The meet, he added would provide a chance for the students to learn to work in team. Every moment, he said, is very precious and the students should learn to cherish the moments.

Saying that education is not just about getting good marks, he appealed the teachers and parents not to give immense pressure to the children. Such burden can hinder the growth and progress of the children, he said.

Some may get success early and some may get it late but what is important is to provide the children a chance to grow, he said and urged the guardians to mentor and nurture the students to all them develop the innate talents and creativity. Thokchom Radheshyam, who is also a former student of the Sainik School, said the contribution of the school in the field of education is commendable. He added that whatever he has achieved so far is all because of the education he received and learnt in the school.

The Minister also inaugurated the Kangla Di constructed at the school premise. Token of appreciation were also handed to teachers of the school. Principal of the school Shakhwar, Vice Principal Shreepakash, teachers, students and guardians attended the ceremony. The meet will conclude on December 14

NDA TOUR TO PUNE

It was a dream come true when I heard the news that our class will be going for a tour to NDA (Pune). I really wanted to go there. I was excited to see the surrounding and people in NDA. The day came 24th November 2018. Sentinels assembled in the tennis court and before leaving the campus we were addressed by Hon'ble Principal. After which we took our flight and set off to Pune. I felt something, something that I can't exactly say in words when I see our state Manipur from the sky. We landed in Pune airport around midnight. A bus was waiting for us. We reached Oundh Military Station where we stayed during the tour. The place was very comfortable to stay. The next day we visited College of Military Engineering. There we met one of our ex-cadet, Abhishek Arambam. They showed us their mess, academic block, dormitories, drill ground etc. They also showed us a video clip to inspire us to join the defence forces. I saw many heavy war machines in an open museum. They were old and huge but antique. After spending some hours in the institution we visited APTC. Our PTI Mr Ranbir led us because he had trained there and knew the place in APTC. I saw many people in uniform,

some are trainers and some are getting trained. After a day full of exhaustion we came back to the station and rested for the night. The next day, all were ready to go to NDA; we dressed ourselves in mufti. The main purpose to go to Pune was to go to NDA and witness the POP (Passing out Parade). Next early morning we reached NDA and was seated in front of a big drill ground. Around 8:00 A.M, POP started. The drill was outstanding. They performed marvellously well.

After the POP, we got to meet our ex-cadets who had joined NDA. We had a meal together in their canteen. We exchanged thoughts, they told us how they are trained, their daily routines etc. They showed us some places in NDA, their dormitories, parade ground, mess, library etc. When the sun set, we were all seated in front of the Sudan Block witnessing light and sound show. It was about the history of NDA, how it was established and about the three wings in defence forces. What motivated us in NDA were the people in NDA; not the buildings nor tanks, aircrafts and warships. The people there are highly disciplined and punctual. They focussed only on their duty and follow their routine without fail. Mentally they are strong and physically they are stronger. And service before self is their main concern. After spending the whole day in NDA we came back. The next morning we dressed in Khaki and visited airforce station. There we got to see many fighter planes. The officers gave us knowledge about the planes, how much destruction it can cause, the speed, the cost of maintenance etc. In the evening, we watched a football match between North-East United and Pune City. Before all of us were like a gentleman but in the stadium all gave up their gentle act and started showing their excitement. And the day ended. The next

day we woke up at 1:00 A.M, packed our luggage and waved good bye to the station and reached Pune airport to take our flight at 3:00A.M. This is how the tour ended.

Well this indeed was a memorable experience and I wrote it down for the school magazine because the experience I had during the tour will never fade away from my mind and the motivation I got from this whole experience was worth sharing.

NATURE

Nature is what we see

What we feel

But no one can make our earth's nature

To keep our nature clean is our duty

Life is impossible without nature

It is only because of it that

We are surviving

So it is our duty to keep our nature clean.

45TH BULLZ

Oh ! How i miss those days!
 The days when we enjoyed and had peaceful moments.
 Those ups and downs;
 All those mischiefs we did
 We ate together, we sweated together.
 That's what brothers do.
 Those hardships and obstacles we faced
 But come what may, nothing can part us.

All my brethren,
 When we face the D-Day,
 We will bite the bullets together.
 That's what brothers do.

Like how money come and go.
 Some go , some stay.
 But we will always be brothers where ever we are.
 And now that we ride the same warships together.

OUT OF YOUR GREATEST DESPAIRS COMES YOUR GREATEST GIFT

I was a witness to an incident in 2015 at the TATA Memorial Cancer Hospital in Mumbai. A patient with her companion had come there for her check up. She had been diagnosed with lymphoma in 2010. Lymphoma is a kind of cancer affecting the lymph. She had stayed at the hospital for an entire year and since then had been coming for a check up every year from her native place for the past five years.

She was a middle aged woman with a round face and a kind smile. No one would have ever guessed that she was suffering from such a disease. When the couple saw the doctor who had treated her, she greeted the doctor in a familiar manner but the doctor couldn't recognise or recall her .But one look at the patients' companion solved the mystery. Memories came rushing in to the doctor. She remembered the patients 'companion, a man who looked nothing more than an ordinary person but he had eyes which was filled with compassion and kindness. He was the patients' husband.

When the patient was diagnosed with the horrifying diseases, the doctor had told them she could hardly survive for five years with treatment. Now the doctor's jaw dropped as she compared the image of the patient a few years ago and now. She shed tears of joy on

recognising the face of her former patient and congratulated the couple on the miraculous recovery. She turned to me and said "I am not the one who cured her; I just helped them on the journey." It was the man (the husband) who had devoted his heart and soul in making sure that his wife recovered. He had never given up hope and had managed to nurse his wife back to life with his care and compassion. Many people (staff, doctors, patients) in the hospital recognised this man.

Many people would have/ have deserted their close ones calling them 'Cancer Pirates' as the disease affects the entire family (financially). But the husband had stood steadfast with his wife all through and caressed her to recovery. He had cared, loved and motivated her in every possible way. And what was more remarkable was, he helped everyone who was in need with care and compassion. He prayed to God for the happiness of the people who were suffering. And in turn God had answered his prayers. It had been nine long years since his wife had been first diagnosed. And she was as healthy as a normal person, although she still has to go for regular checkups.

And now the couple spends time helping patients who are diagnosed with the disease. The story is one of those which bring out the fact that "There's still some good left in the world and that one should never ever give up."

A JOURNEY TO VICTORY

One night I was in my deep sleep. It was a day five years ago and I was in Class 7. I was in the state of 'good for nothing'. The dream of the night was indeed a turning point in my life. I passed out Class 12 with 52%, and then did my engineering degree from a private college. I knocked the door of every company but no one was ready to give me a job. They seemed to tell me that "You are not good enough". I was frustrated with exhaustion. I felt like committing suicide one day. The same mother who scolded me a lot cried like mad; everyone who laughed at me was also groaning with pain. I was terrified with the sight and suddenly woke up. My whole body was wet with perspiration and I felt very weak. Then I went out alone for a stroll in the open meadow near my hostel; I looked into the sky and told myself - "You are the master of your fate and Captain of your Soul". From the day onwards, I promised with a dialectical thought that I would never miss any opportunity that comes. My piece of writing is one of my success stories. I learnt about the Debate Competition just three days ahead of 24 Oct 2019, the day on

which it was to be conducted.

First of all, I did not wish to take part in the State Level Debate Competition which was organised by Lion's Club, Imphal on the UN Day since my Board Exam was very near. However, my friends motivated me repeatedly to join it but I showed only deaf ear to them. When I read the topic, it was found connected to my heart - all about the poor and homeless people of Rohingyas in Myanmar. Soon it became my favourite topic because I was in touch with the feelings of these poor people. I feel myself in them. From that moment onwards I started my preparation with a will. Gathering related information about Rohingyas and absolute scenario of the situation, I came out with my materials. Then I started practice to my best. I delivered my speech in presence of some of my juniors as part of preparation. In fact it helped me a lot to gain confidence and tempo.

Eventually, the final day came and the competition was to start from 1 o'clock at Lion's Club, Airport Road Imphal. Initially I felt weak just to see the participants from other schools. I controlled my mind and gradually regained my confidence when I started thinking that I am a cadet of Sainik School. "What they can do!", I felt. I was like "I am the best and I will always be so". After waiting for an hour, the debate started and I was 11th speaker. To my surprise, almost all ten contestants were so good and fantastic. Before my turn I thought that I could win or not, but more or less I should be the best speaker. My impression was that people should talk about my performance afterwards. At least it should fulfil my desire for which I admitted myself to take part in the event.

My name was called out and the name embossed in hash tag of Sainik School Imphal made my chest to inch broader. Before I started I was looking at other competitors because I felt like telling them - "now listen to the best speaker". I am really proud to say I did my best. After it I went back towards my seat with a sense of pride and exhilaration. However, I wished to continue since the tempo was still with me. Then, it was the time for the result. After giving away consolation prizes, the 3rd prize was announced. I didn't lose confidence and hope although my name was not announced. Next to my surprise, my name was announced for 2nd position; I remained smiling still and later on the winner was announced. So I went to the winner and congratulated him. He said, "You should be the winner". I just smiled and patted his face and went away. In spite of my position in the competition, Sir Premananda told me that I was the best. I could not deny it because I knew my performance and even everyone was talking about my speech. I took that my wish was fulfilled; "I was not the winner, but I was the best speaker". The same fate is for all competitors like me. I had not won the competition but the experience I got was priceless. When I came back to the school, I was welcomed with many words of thanks. I pay my regards to my friends who gave moral support during the competition.

INEXORABLE REMIMINISCENT OF YOUTH FESTIVAL

When I am on the stage, my mother is behind the screen, When I join a battle, my mother is my preacher, When I am on my deathbed, my mother will be my flowers.

Dear readers,

This year I decided that I will not let this opportunity of writing an experience for the school magazine go, unlike the previous years. So, here I am penning down one of my inexorable reminiscent. ENJOY IT!

Nature is crying loudly with blaring thunder to warn the devilish thought of human. The mentors are preaching to their subjects trying hard not to fall in the dark pit of bankruptcy. I was preoccupied with such thoughts engrossed in my books and my daily school routine.

A big relief came in the form of a sweet voice at this juncture that boosted my inner conscience and gave me a sense of self-confidence. And that was none other than my sister giving me news of a debate competition to be organised by GROUND ZERO during the YOUTH FESTIVAL. She saw it on an instagram advertisement. It was to be held

at LAMBOI KHONGANGKHONG during summer vacation. It turned out to be a great opportunity where I could test my own abilities.

On the D-day, I found a stage in front of me, the crowd around me, mother and sister by my side, judges at their respective platform, competitors ready for their turn rehearsing their breathe to control themselves. I myself was the eight speaker but soon my name was called out. With blessings from my mother and wishes from my sister with full confidence (but I was far from cocky) and my inner voice encouraging with "I CAN DO IT", I paced forth and was then sailing smoothly rebutting my opposer's point one by one. With utmost satisfaction by stating the golden word "THANK YOU" I completed my speech. Applause roared from across the floor and around the walls. With a gleeful and elated smile I came down the stage. But let me also inform you that all the competitors were mature and well experienced. There were competitors from MU (Manipur university), TG college well, most of them were much senior to me. But that did not lower my confidence. I have also experienced state events such as OUGRI and participated in numerous school debates. So that helped a lot.

Suddenly, I could feel my heart thumping at an exponential rate; my breathing pace was akin to that of an athlete after a 100 race. The much awaited result was about to be declared. I stayed calm; trying to keep belief and faith in myself intact and waited. In this particular competition unlike others only the first position will be awarded. Well surprisingly the speaker averred that there is a tie in the first position. Everyone anxiously waited for the announcement. And yes! I was one of the two winners! The other winner was a professional in the field of computer though I could not exactly

remember his details completely. Needless to say I was on cloud nine! I was filled with a sense of utmost satisfaction. A feeling of success overwhelmed me.

At this juncture I sincerely wish to thank internet, ma'am Vidya (one of my best teacher; always with a smile, friendly and a great motivator), my mother (the one soul to whom I owe the essence of my life) as they were undoubtedly my stepping stones to success. This experience is marked in my heart as one of my best experiences yet.

So dear readers, life is very short so we need to fight all obstacles in order to leave this planet by smiling. In this short tenure, you need to achieve everything that you aspire for. This is a world where people behave like a DRAMA QUEEN. On one door they will show sympathy, kindness. No sooner they get their benefits the other door is at trouble. The least we expect from others, the better.

You do not need to wait for people to tell you that you are successful. You yourself only must feel your success. It is our own heart that truly tells us that you have achieved success.

Be prepared to shed your tears (not crocodile tears) because that pain will make you gain. Studying in a school like SSI with different mindset, belief system, different background etc., is very challenging. So friends please have courage and make the most of your stay in SSI. You will rise no matter how you fall.

LAUGHTER IS THE BEST MEDICINE

There are many interesting things about laughter. Laughter is a way of showing happiness. Everyone loves to laugh. That is why comedies are big hit and joke books are so popular! Even the very mention of the word 'LAUGH' refreshes and relaxes us. It lighted our mind and made us feel alert and energetic. Worry is one of the main causes of illness. It prevents many ailments born of worry and tension. Laughter has a wonderful effect on the body. It brings more air to lungs. It is very good for circulation of blood in the body.

Laughter is most powerful and enjoyable. But we should not laugh at other people or make fun of others in a harmful way like when someone falls down or when someone says something wrong by mistake. At such times we should not laugh. Another important thing we should keep in mind is we should not get into the habit of repeating jokes in bad taste or laughing at them. Such jokes may seem enjoyable but these make you weak inside.

A BIRD'S WISH

Born as a bird,
Give us a chance to fly.
Let me touch the sky,
With the hard work of mine.
Let me fly in the endless sky
With friends and other birds.
Let me drink the water
From a running river.
Let me eat whatever it may be;
Of sweet, sour or bitter taste
Leave me with Nature.
Nature will give me support,
To my soul and to my body.
That's what we birds wish for.
So give us a chance to fly.

HUM SAB BHARATIYAN HAI

Amidst the harsh blows of the Boreas, with the season hinting the arrival of the sweet Zephyrus, the life of a cadet goes on and on with adventures coming one after another. Our return from the short and sweet winter break was welcomed by the news that the Annual Training Camp for NCC would start the next day. On having that I was like what? Because to some of us it was a good news imagining that it would be exciting and fun. On the contrary to some others it was like news for harassment as it would waste the time which they could have instead enjoyed more than doing other stuffs. Or I would rather it was like peeling off a skin and then sprinkling salt on it.

In collaboration with NCC 14 Battalion (Independent Company) Imphal, the NCC Annual Training Camp for senior division (SD) was conducted in the school for 10 days from 10 Jan to 19 Jan 2018. It was participated by cadets of class XI. The opening day was graced by Brigadier Singh Shetty, Group Commander, NCC 14 Battalion Imphal. The Officer interacted with the participants and described about the benefits of joining camp of this kind. During the interaction, we were enlightened with his adventurous experiences and devotedness to Defence Services.

During the camp we were taught about various fields so that we can handle any situation at difficult times and also be responsible citizens of the nation. So here are the events that took place during the camp as per the ascending order of the days. First and foremost, we were taught about 'tent pitching' which is like ABC of NCC. It is a must for every cadet to know how to pitch a tent. The instructor briefed us about the various materials used for this. We also had competitions for tent pitching and it was really a fun. On the second day, Addl SP, Traffic Police, Imphal East gave a lecture on traffic rules and reputation on 12 Jan 2019 at the Kalpana Hall. We learned various signs and symbols apart from many traffic rules during the programme. The visiting Officer also briefed us about the importance of traffic on every day life and the various tasks performed by the traffic police to ensure safety.

Wing Commander D Shankwar, Administrative Officer of the school delivered a series of lectures on different ways we can shine in life. He brought out the role and objectives of the Indian Air Force in the context of the country. Most importantly, he briefed us on how to make the best use of things around us to be a successful person. NCC instructors Sub Dawngliana and Hav JV Stephen demonstrated firing position of the armed forces such as standing, kneeling, slitting positions etc and also how to handle gun to make the best shot out of it. It was North I think as it would help us a lot

in the future. On the fifth day, we were lectured on 'canoe and concealment' which means how to make best use of our surroundings for our advantage by our instructors. They also briefed us about different uniforms and materials to be used during different missions. Map reading was also very interesting to learn. The war movie shown during the Camp gave a true spirit of patriotism and inspiration. Indeed the movie was morale footer.

Officers and personnel from the State Fire Department taught us various techniques of how to douse fire. They also showed us the equipment used to tackle fire in various ways. Live demonstrations were also performed during the program. Sqn Ldr Sreepakash J, Vice Principal graced the Closing Ceremony as the Chief Guest. He appreciated us for our enthusiasm and discipline throughout the Camp. He also gave away certificates to the cadets later on. In culmination, we sang 'HUM SAB BHARATIYAN HAI' together which really gave us the true spirit of love for the nation. Overall, it was an enthralling and spine shivering experience for being cadets of the school. The days will always remain in our heart. The sweet memories of the Camp will cherish us in every moment of my life.

Jai Hind.

LAUGH OUT LOUD

Once a friend had a Chinese friend and his friend was hospitalized due to a serious illness. And his friend offered a visit to his Chinese friend at the hospital. Then when he stepped inside the room, suddenly he heard his Chinese friend saying something unwillingly in Chinese language "chen qui gueng." And his Chinese friend died suddenly. Then his friend felt sorry for the strange death of his friend. Then he googled the last words of his Chinese friend and finally he came to realise that his friend was telling him "You are stepping on my oxygen tube, step away from it him. " Then he felt more sorry about his friend because he actually killed him.

Once a drunkard came out of a bar, the drunkard met another drunkard and he asked him whether the thing that appeared in the sky was the sun or the moon. Then the other drunkard replied, "I am a stranger here so I don't know."

There was once a man who approached a doctor because no one paid attention to his talks and his sayings. Then the doctor said, "Next please."

MY EXPERIENCE IN AN EXHIBITION

News came from Mam Bhabini about the Exhibition. It was indeed fortunate for me because I was already half-way prepared for the event. Sir Somen had already told us to submit our model for 'INSPIRE' to be organized by Department of Science and Technology. Then I submitted my task very soon with my friend Jashubanta as my teammate.

In the Exhibition, we chose a topic on the theme 'Scientific Solution for Challenge in Life'. Being clear about it we named it as Highway Dam. The Exhibition was scheduled on 25 Oct 18. After vacation we started to focus on preparation of the model. Initially, I was very worried that we wouldn't be able to complete it well in time. But my friend seemed worry-less and told me to take life easily. "Don't take over seriously", he used to say. I thought he was making a waste of time with his words. But in the coming days, reality and my thinking went contrasting. How he did all the work calmly with no sign of hesitation surprised me with no doubt. He left no business unfinished. I realized he had correctly said it seeing his own potential. I learned an important lesson that time while working with him. He did most of the work of the model.

Our new teacher Sir Chetan was an important figure in the making of our model. His role in the spare of this exhibition can never be substituted by any force. Had we not contacted him, we might have ended up in failure in

waste of time. From the beginning, he has been helping us to sort out our problem in preparing the model. In fact the whole working model was built by him. Blessed that we have such a teacher in SSI! I also owe a lot to Physics Lab, Sir Dheinachandra, Sir Somen and Sir Suresh whose advices are worthier than anything.

The final day came but it was postponed on 29th. Having completed preparation of our model, we went for registration at Lamlong Higher Secondary School, Imphal. Cdt Avinash, Cdt Luminthang, Cdt Athili, Cdt Paikhomba, Cdt Redyson, Cdt Ponting and Cdt Jashubanta were among the exhibitors. It was the first day of District Level. We placed our model at our respective stalls and waited for the words of the jury. Well prepared, we came back to our school. We shared our experiences with Mam Bhabini, our guide teacher and the interaction gave a consolation to our embarrassment. Next day after lunch we waited anxiously for the result. Finally the result was announced and to my astonishment, I was lucky to have qualified for the next level and I got ticket to exhibit the model again. Cdt Avinash and Cdt Redyson also got selected for the State Level held from 4th to 8th of Dec 2018.

Time winged unknowingly and eventually 4th of December came. It was the first day we went there and after reporting to the Officer there we placed our model at our respective booths. I was in booth no. 10. On 5th December, an Officer from Education Dpartment inspected the model. I felt like losing confidence within myself because the other exhibitors were

bringing out sophisticated models. My model looked so simple comparing to them plus the led that will illuminate the model failed to work. My turbine also produced only 0.2-0.3 v instead of 3-3v required to power the led. I was quite helpless and knew nothing to do. Sir Chetan suddenly came at the right time before the final judge came for inspection and sorted out the problem. I thanked God for His blessings to worries. Then I was completely boosted with confidence and explained everything about the model to the final judge. I did tackle all the winning questions of him. This way the day ended. On 7th Dec some outsiders came and visited the stall and I had a nice time to interact with them.

8th Dec was the closing day. The result of the Exhibition was finally declared. I was extremely happy that I got selection to participate in the Eastern India Science and Engineering Fair at Kolkata. Irrespective of my performance I learnt many new things and experiences from the Exhibition. I got good chance of interaction and various scopes to improve such as personality, ability, skills and also to strengthen my confidence. I got the light that all these basics correlate together to develop oneself. This exhibition will be another great experience and a memorable event of my life for years to come.

A ROLLING STONE

A rolling stone gathers no moss. But if you let it roll through SSI, it becomes a diamond. I was a rolling stone, nothing special. Then somehow, I came rolling into this special place. And that has made all the difference.

19th June 2012, that was the day I landed here. It was the first time I was leaving home, my parents and my sister. A giant leap for me. But then, looking at the 85 other chaps as nervous and emotional as me, somehow I overcame homesickness. Before SSI happened, my parents and sister were my life. They were everything I had. I had a few friends, but I don't know how, they never stayed for long. But everything was about to change.

Class VI was a challenging phase. New lifestyle, new people, new surrounding, hell! Before this, my average day was limited to Playstation and TV. Now - PT, games (no more virtual), meal timings, dress code and yes, punishments. Everything was new. Getting punishment from seniors was the worst part, I thought. But looking back, I miss them. I still remember Thoithoiba, the fattest of the class, could not even touch his ears in murga position. Now, he's a national level squash player. Bhopen, another fatso back then, is now the football team captain. So, class VI concluded with memories of mostly getting punishments in Tikendrajit House.

Came class VII. Damn. We became seniors (at least to one class). Class VII was very important because that very beginning of the session we were

given our Houses. I was now, by chance, a Netajian. Little did I know back then that Netaji House was about to endow me a few good human beings as my best friends.

I'll not trouble you by going in detail of everything for every class.

So yeah. Before I came to my senses, I was a class X senior. That feeling when you become a senior in SSI. It's something. Hysterical. Teen spirit was in the air. We felt like the world was beneath us. We did not care to listen to anybody. Okay, exception, only thing/people we were afraid of – Class XII seniors. But the child in each one of us was not dead.

During this period, the intensity of 'Tea Break War' was at its peak. We had two sections : X-A and X-B. Every day, a few minutes before break, our Mamas would deliver two packages of snacks (one each for the two sections). We nominated a few brave souls and gave them the title 'Tea Break Warriors' because of their enthusiasm and determination to capture the packages and deprive the other section of their share. The other section also had an army. It was war every day. Just before break, the third period, we had Sir PD James in our section. Anybody who displayed even the slightest sign of deviation from the class (sleeping, murmuring, even tilting your head sideways) – "Get out of my class!". I was a regular. And yes, to the point, some of us would deliberately pretend to sleep just to get kicked out and to capture the 'package' before break. That look you see on the face of a Warrior deprived of his 'Tea Break', is no less mean than that of a hungry tiger. And there were some double agents. These guys had secret

deals with the other section's Warriors. Like, if our section won the package, they would keep a small share for their counterparts in the other section. You see, even if our section lost the battle, these guys would still get a share. Traitors.

Class X was fun, though it did not end with a sweet note. After the Board Exams, more than half the class left the school.

A lot of things changed. Like for me, unlike before, whenever I went home, I felt I belonged somewhere else. The worst part is, I drifted a bit away from my family (I'm still working on this). Now, the good part, I don't know how or when but a strong bond, I have to call it friendship, but it's more than that (brotherhood maybe), bonded me with my friends like never before. You see, I'm not very comfortable with speed. Whenever I pillion ride a bike, I don't care who's riding it, it scares the hell out of me if he speeds up. By the autumn of class XI, many of us started riding bikes. One day, I was riding with fellow Netajian Tomthin on his bike on our way to tuition. Suddenly, he accelerated. For a moment there, I was scared as hell. Then a stupid and strange thought crossed my head. I imagined him riding alone at a speed like that and crashing. I said to myself, "If we crash now, I know my limbs would be broken (if we're lucky). But if this bloody lunatic crashes alone, I know I'd be heartbroken. So, if he has to crash, better crash together." Since then, I've stopped complaining when he speeds up. And likewise, everything we did together, we didn't have many problems. Our mutual trust level is really something.

Class XI was the most challenging one academically. Because I gave less efforts in class XI,

I'm having lots of trouble in class XII. Dear brothers and sisters, please focus on your studies in class XI.

Now I'm in class XII. Hell. The senior most class. You'll find out the perks of being a class XII cadet only when you reach here. The session is ending soon. Can't believe I'm about to leave the school. At times like this, phrases like 'time flies' really makes sense.

And one of the best things I've seen is the change. I love changes. Because when things change, you learn to adapt. I have a favourite quote – "Change is the only constant." The irony is this has been my favourite quote for 4 years, no change. Okay, watching my friends change and gradually evolving into great human beings was something. Over the years, I witnessed them evolving, from ordinary rolling stones to cut and polished diamonds. And 90% of that evolution was orchestrated by the school. This is one reason why I love the school so much.

A whole new life awaits us once we step out of the gates in April '19. Hard to believe that it's really coming to an end, that there will not be another new session. Everything has to have an ending. That's what makes them special and leave us craving for more.

I hate to say this but, Sayonara SSI.

A rolling stone rolling away.

THE WISHES OF THE LAST MOON

The day falls and the night rises
Over the windy shore, the water surges
The wavy water making a clunky sound
For I above in the sky, dark clouds around
Watching all this scene, feel very lousy
In this raging of the seas, I feel rowdy.

I have some wishes; although I am bright,
My brightness loses its beauty in this night
I wish that I never become new moon, ever;
I always want to stay as full moon forever
But tonight is my last night as bright moon
From tomorrow night, I will be a new moon.

I wish I could be free from dark cloud.
When I appear brightly in sky, I feel proud
Twinkling friendly stars dance upon my sky
But when appear lonely in twilight, I feel shy
Daylight breaks my beauty due to the Sun
After the Last new moon, my journey is done.

Men have to face hardships to get their desire
If they do something good then people admire
My last wish is to make charm people
And to make them happy without any harm.

AMAZING FACTS

- Chess was invented in India.
- Scorpions appear fluorescent under ultraviolet light.
- India exports software to 90 countries.
- Pigs are among the smartest of all domesticated animals and are even smarter than dogs.
- The Indian Purple frogs lives underground and comes to the surface only two to three weeks in a year.
- The Snow Leopard commonly found in the Himalayas cannot roar.
- Mughal emperors would pit one-horned rhinos to fight against elephants . Most often, the One-horned rhino would win.
- Green Peacock is found in Java and Myanmar.

THE FINAL GAMBIT

Before you further go into the article, get up and ask your father or mother for how they feel about working under somebody for fulfilling their boss's dreams by giving up theirs. We are made to believe that life is beautiful by some crazy poets. Life isn't like what they see for they write sweets to sell and not what they really show. It's a world where dreamers are hired and paid to dream for others, a world where 'benefit' is made motto of getting and giving love.

Most of us must be familiar with the book MORAL SCIENCE in our early ages. It's very amazing, filled with positivity. One such positivity was to never speak or do bad to others, but why isn't there a lesson called 'Don't care about what people say about you?' From the very start of my life, I have been learning how to help others but no one ever teaches me how to help myself when no one helps me. This is a life where you

are allowed to do what you want to if you really wanted to.

It's okay to give up. Giving up is not stopping but turning elsewhere to start fresh. If you dare so much doing what you hate, you get to give up for you have got what you want to do. Just because the world will call you stupid for giving up, don't be really stupid in hanging on to the one you hate and keep looking at the one you like. Let the world know what you can do and not what you can do for others.

Do you go to college, buy books, search for jobs, just to survive? Man, if you come to this earth to survive, why worry about anything and everything? Just follow the street dogs for they shall teach you the art of survival better than anyone. But if you've come to live your life to its maximum, don't you dare cry for marks, jobs, money, luxury and such? If you are to live then illuminate your own way of the world by doing all the stupid things you've always wanted to. Bunking classes will be more memorable than the day the Principal awarded you for topping. Unnecessary things are the most necessary things to do in life. When you do the stupidest things, you will gain the courage to develop a mindset of not taking your haters seriously for you will take your enemy as your biggest joker.

You aren't to read this article for increasing your reading power or whatsoever but to feel the

hidden fear inside you and chase them out from your consciousness. Stop acting and faking. You needn't be a chameleon, changing your colours every now and then, just to synchronise non-stop with your comfort zone. Be it any weather, be what you are. Acting smart in classes, rich in front of girls, obedient in front of parents will not increase your prestige but pressure inside you for you are so afraid of being who you are when some new weather comes. You are sick and get stuck under your blankets.

Don't you dare say that you don't know what you have to do in life. You know what you have to do best but you just don't want to go out of the common track to follow your dream, you are just scared and a low-esteemed coward. Doing what you live to do is the best trail of your life and if you are weak in following your dream, be ready to be a slave of someone who is a little less afraid than you are in chasing his dreams. My father always tells me that the strongest person in the world is the one who can control himself. You are the master of your own fate.

REPUBLIC DAY BAND CONTINGENT

It is said that for overall success, we need to have proper preparation of body and mind and enough practice.

Sainik school imphal band party having known the fact and started to practised from the starting of its school academic session. I am proud to say that we did. Although we did not secured first or second position, we are happy that our band contingent begged the third position. Each member in our band are having the qualities of hardwork, coordination and cooperation. hundred of thousands of people were observing us and cheering us, we felt like showing everything what we know to them and we did it. Team effort plays a vital role in begging the third position. we were youngsters and we did learned many things that were not even thought of our NCC instructor namely our sir dawnliana and sir Stephen guide us, mould us to reach the top.

I as a band commander thank all the band members, teachers, well wisher for their contribution and by making us a grand success.

Lastly, I thank God for his kindness and help that He gave to all of us.

NEED TO THINK

What you would like to become depends on what you think - what you see every day and where you live in. In our childhood, when we watch any action movies like James Bond Series, super hero movies like Superman, Batman, etc. we simply imitate them. What we wanted to become as we thought is enjoyable and nice. We usually admire their lives. But in reality, it's not possible to become all of them. We have to choose only one. So, how to choose our aim? One of the best ways is just close your eyes, think of every profession that you know. Choose which one would satisfy your talent. Then work upon it. But I would like to remind you that we are studying in a military school where most of the facilities required to join NDA are provided. School also provides us the opportunity to walk in with a dream, walk out with a career. Imagine how much happiness your parents will get or the school..... if you fulfill this statement. Our stay in Sainik School Imphal is not called successful stay if we spend seven years without doing anything and then leave. Only solution left is to clear NDA. The school organizes NDA Tour, NCC Camp to motivate us to join NDA. Lastly I remind you all that it's us who are going to do it. Think upon it and I wish you 'Best of Luck' and work hard to achieve your goal.

JOURNEY TO JAIPUR: AN UNFORGETTABLE EXPERIENCE

As soon as I got selected for Squash National Championship 2018 which was to be held in Jaipur from 28 Oct to 03 Nov 2018, my mind was brimmed with exhibiting my skills in sports. Two months of immense practice was over at the wink of an eye. I was among the cadets who represented our school in the championship.

We left Manipur on 27 Oct 2018 along with Sir Premananda as our guardian. Being my first experience in a flight, I was feeling homesick and listless but all these disappeared soon as I flew above the clouds. After around seven hours, we reached our destination, Jaipur and set our foot for the first time on Jaipur International Airport. We reached our hotel OYO-flagship at 7 p.m. and were welcomed with sweetened butter chicken which was really a good treat. Minerva, Reeya, Linthoi, Richie, Sir Premananda and I reached there before other team members reached the hotel after 9 hours as they travelled by train with our coach.

Next day after breakfast we headed straight to Jaipur Club for our first match. To

be very frank we lost the match. However I felt proud of myself and for my team too which took pain to rival the professionals. I thought I could do better if I practised for more than two months. My next match was scheduled on 30 Oct 2018. So I took the opportunities to explore the city of Jaipur. One of the most memorable incidents was the Horror House where a mummy woke up in front of my eyes. Then I went to Surbi Mishra Sports Complex to cheer up our team girls. They lost but definitely gave a hard time to their opponents. My very own sister played with the National 2nd rank holder from Maharashtra and she fought hard even though she succumbed to defeat. Reeya and Minerva also played really well during the tournament. I was quiet blundered when we were interviewed immediately after the match. In fact we had a mixed feeling during the interview.

The big day arrived i.e. 30th October. I was really nervous since my very first match was with a Jammu & Kashmir team at Jaipur Club. But I had the will to conquer at all. People asked, after seeing our shirts marked with "MANIPUR", "Is there any squash court there?" I answered, "Yes", we have in our school, "Sainik School Imphal", which boosted my confidence to face it like a cadet? I waited it for two hours and my opponent didn't show up. So, I got walk over which saddened me as I didn't defeat my opponent on the battle ground.

I had my second match at 7:30 pm; so prior to it we went to BM Birla Planetarium in Central Park which has Sky Auditorium, Research Lab and Telescope. After the show, we witnessed an exhibition of clothes and jewellery where various gorgeous items were displayed.

Pressure built up as I reached 'Surbi Misra Sports Complex'. Unfortunately, I lost to Kerala after immense effort. But my opponent was really a sweetheart; she consoled me like a friend, we exchanged numbers, took photo together and finally reached our hotel.

31st October was the last day at Jaipur; only 24 hrs in hand and numerable places to roam. To ease ourselves after the memorable matches, we went to an ethnic Jaipur shop and bought my mom a maharani sandal, ghagra and kurti which were beautifully embroidered. After that, we went to Pink Pearl Water Park with swimsuit & sunglasses. We enjoyed like anything. Our next destination was 'Hawa Mahal' which was found crowded with many foreigner tourists. Many people mistook us as Chinese tourists. We finally reached hotel at 10:30 pm after immense shopping and packed our belongings. We woke up at 02:30 am to prepare for our journey back. We reached the airport at around 4:00 am before dawn. As we took off, I bade farewell to Jaipur recalling the sweet memories. I had spent there in addition to the monkey scratching our hotel windows. It was one of my most memorable journeys in my life. 'Thank you', Sir Premananda for guiding us during our entire journey. Jaipur will always have a special place in my heart.

MY EXPERIENCE IN INTER-HOUSE ENGLISH DECLAMATION

It was 13th of August, the day Patriots Day was observed all over the state. I was sitting on a chair on the stage of Manekshaw Auditorium. The next was my turn to go to the podium and to start my show. I was nervous and I was thinking of the past few days when I was preparing for this event. I would say what had happened. In Sainik School Imphal, my first achievement was 3rd position in the Inter-House Hindi Poem Recitation. It was when I was in class 8. It seeded another hope of mine for getting 1st in the next event. As I was somehow good in imitating others I chose Declamation as my next event but when I was in class 8 I didn't get chance to participate. I thought that I must perform when I am in class 9. When the House in-charge came for selection, I raised up my hand. As I have achieved 3rd position, they thought I could have much confidence to participate. So they let me participate. However, I was confused what to act. Then suddenly I saw the statue of Martin Luther King Jr in a newspaper. I started reading it and instantly I noticed that he is one of the greatest persons of all time and also President of Africa. I recalled his very famous speech "I HAVE A DREAM" where he expressed how the whites ill-treated the blacks giving us the message of unity. Then, I thought of performing the act of Martin Luther King Jr. He had been declaimed by one of the seniors in the past also and he got

2nd position. With determination and belief I copied the speech in a sheet of paper. First I started by-hearing the lyrics day and night until I could speak without looking.

After 2-3 days, I fully by-hearted the speech. As a second step, I watched his video for his English accent and acting. He used to speak with his full josh and with regrets. And I was somehow feeling easy to act him because I was sort like him. Three days before the event, I was called out by our House Captain for a performance. I was very worse that time-my English accent, action, body language and everything.....horrible to say.... After my show, one of my seniors who was an expert in speaking English corrected my mistakes and told me that I could do better and I was so happy for his consolation and encouragement. Then I revised the notes, checked English accents, and gesticulated with action every day and night. After so much practice, at last, I was fully prepared for my show. One day before the event, I did my last practice at that night and all the seniors around me applauded me and told me to do well at the event, I gave a quick reply "YES". Then, nothing did come inside my mind expect the Inter-House English Declamation. Before I slept, I memorised my speech for the last time. Next morning with repeated recitation and murmurs I dressed up and moved out for breakfast. As it was Saturday we had House Assembly. Instead of morning activities, I was called out suddenly on the stage for my speech. Then I enacted it and after I finished, all the staffs and House cadets wished me 'good luck' with an applause. Hours passed

by, I was fully dressed; everyone gave blessing to me before the actual scene.

At the Manekshaw Auditorium, all the participants from all Houses took their respective seats. I kept in mind that my turn was at 7th and my partner was 5th. All the participants before me spoke very well. However, I knew my strength also. Then, my name was called out and I went to the podium and all my fears vanished and I continued my speech. And the only mistake I made was when one word didn't come out from my mouth i.e. 'with this f.....faith', others all are perfect as commented by my friends. And the junior competition was finally over and senior category was in progress. I was very curious to know my position. I thought I would be in 4th to 5th position but my friends said that I would be in top 3. And finally everything was over and it was time for the results. The teacher started announcing the positions begged by the participants. From 8th to 5th, my name was not called out. Then, I was still not there till 4th, and then some stress was gone. And fortunately, I was called out for 2nd position and I was happy but not much because our House didn't lift up the trophy. After some time I was called out to receive my individual trophy. All the seniors applauded me. After all, it was another feather of experience in my student life.

THE DEVASTATED FLOOD OF ASSAM STATE

There had been glut of social media activism vis-a-vis the flood in Assam after Union Home Minister Rajnath Singh visited there recently. The media, in spite of the assiduous stories of the flood, focussed more on the visit. Students in places like Dhemaji are unable to go to schools for four or five months in a year because of floods; such news we hardly read about. Every year flood occurs in Assam. Is it because of damming of Brahmaputra in China or the release of excess of water? What are the measures taken to ensure that humans, their possession, their livestock and other animals are not swallowed by the flood?

A report of Assam State Disaster Management Authority {ASDMA} said that the Brahmaputra was flowing above danger mark in Nematighatin Jorhat, Dikhow in Sivasagar and Numaligarh in Golaghat district. The affected districts are Lakhimpur, Golaghat Morigaon, Jorhat, Dhemjit and Bishwanath. Among these, Golaghat seems to be the worst affected with more than 76009 people inundated. Altogether 187738 people have been affected by this spell of flood and more than 300 villages have been paralysed. The district authority has set up 21 relief distribution centres in Golaghat and Jorhat districts. The camps can house around 4388 inmates. So far more than 1600 hectare of crop areas has been damaged. Flood water has also entered Kaziranga National Park and Pobitora

Wildlife Sanctuary.

Relief materials like medicine and food are being provided to the affected people under the initiative of State Disaster Response Force[SDRF] in collaboration with the National Disaster Respond Force [NDRF].The first wave of flood hit the state during the Pre monsoon period in April and claimed 15 lives and affected more than six lakh people. National Food Security Act was implemented in Assam in December 2015. The act covers 2.52 cr beneficiaries in the state. The state needs 135479 tonnes of rice per month under the act. The act covers 84.17% of the rural population and 60.35% of the urban population in Assam. In view of such unforeseen calamities the Act was started and it also became so useful. Press Communiqué said that out of the 130 inundated camps, 70 are still under water. Out of 21 rhinos which died, 10 are calves ranging from 2-6 months. 106 animals have been rescued. The state has paid a heavy price through land erosion caused by flood and continued to suffer damaged of over 160 cr each year on account of flood. The water resources department in Assam submitted flood memorandum to the centre in 2016 seeking 5038.00 cr for repairing embankment, flood control structures and damaging of river banks. Repeated occurrence of such disasters implies the most effective measures to be taken up.

MAMA !

Mama! You Love me
I need you,
Sometimes you scold me
Your scolding, your advises
Makes me better.
Please don't let me go,
Please don't leave me anywhere.
With 'NO Warning'.
Mama! Can you stay with me?
Keep me by your side
If you left me alone,
Life will be unimaginable
Oh Mama ! There's nothing in this world,
I wouldn't do without you
We are one of a irreplaceable kind
Mama ! Without you I feel lost at sea
I need you
I WANT you
And I want you.

TRICKY RIDDLES

PLANTS DO LIVE INDEPENDENTLY!

Whereas we are not alike
We directly or indirectly need each other.
Some plants may be common like the sun flower,
Others may be rare like the *Silene stenophylla*,
And some other may be unique like the *Welwitschia*.

Oh Plant!
There is much we can learn from you,
When we achieve it,
We will be living in a world where jealousy is extinct.

Best of luck solving it!

Question:

Which word becomes shorter by adding two letters to it?

It was a rainy day. A man walks out from his house by wearing a t-shirt and a long pant in the heavy rain. All the clothes that he wears got wet. But none of his hair got wet. He doesn't wear a cap nor holds an umbrella. How is it possible?

A pea-cock wants to lay eggs. He found two places to lay eggs, above the straw and beside the pond. Where will he lays eggs?

An electric train starts moving forward from the station. In which direction will the steam of the train flow?

Which is heavier a kg of stone or a kg of feather?

How many months have 28 days?

What is the easiest way to make a particular line shorter without erasing?

A man kicks a ball 5 feet away from him and it again returns back. How is it possible?

Answer:

Short.

The man was bald.

A pea-cock is a male. How should he lay eggs? A pea-hen should.

An electric train doesn't produce smoke.

Both of their weights are same. Each of them weighs a kg.

All the month have 28 days.

By drawing another longer line.

The man kicks the ball up. Because of the gravity it comes down and it returns to him.

MOUNTAINEERING EXPEDITION TO LADHAKHI PEAK

First of all I thank God that I was selected for this expedition; secondly I thank Mr Manoranjan, our science teacher, Vice- Principal and Principal for selecting me for such a wonderful expedition to scale Ladakhi Peak.

I, Wironbou Newmai and my friend Lamnganba Ningthoujam were selected for this expedition from class 9. We underwent our journey from 23rd May 2018. We arrived at Delhi in the afternoon; those days Delhi's average temperature was at 44 degree Celsius. It was really scorching and we didn't get to stay at Delhi for long. The next day early in the morning we shifted to Sainik School Kunjpura (Haryana) by 25th May. There I met lots of new friends from many other Sainik Schools. They were all COOL. Most of them were elder than us. They were mainly from class 10th and 11th. There I got to know many new friends. On 27th we started our trip to Himachal Pradesh; by 2:30 am we reached our camp which is located at old Manali. It was hell of a journey. Our camp was just by the side of the river, the place was really remarkable and exceptionally cold. The next day we went for visiting some beautiful places in old

Manali. On 29th we went for rappelling which was part of our training. It was really terrifying and amazing. On 31st we visited a waterfall it was an enjoyable day.

From date 1 we started our trekking. We shifted our camp from old Manali to Raoli. Roali is actually the name of a base of the mountain. It's really far away from old Manali. We went there by several vehicles. From Raoli we started our expedition by our feet to first base camp. The distance from Raoli to first base camp is approximately 15 Km. We walk all the way by carrying nearly 7-8 Kg rucksack. It was an awfully tiresome day. The difficulty which we face up there in first base camp was horrible; there was no washroom, no power and no signal. In fact it was terrible for the first day. The next day we shifted our camp from first base to second base. In the evening we went up the mountain where snow was there. It was thrilling to play with snow as it was my first time. It was really very cold out there and besides we had to take precaution of getting frost bite. The following day we started our training. We learned how to walk in the snow, take precaution, help one another when in danger, use the equipment and protect ourselves. It took us almost a week to learn all these.

In the mean time we all went to the origin of Beas River where we saw how a river originated. The landscape there was really amazing and it fills our mind. The next day was the most important day as we will be climbing for the peak. We started the climb from 4 am all of us were energized, it was a very dangerous

and long trek and to conquer it we also had to be physically and mentally strong.

We had to keep walking the entire day; certain technique had to be applied even while walking. The most annoying part was crossing over the rock with 7-8 Kg rucksack and almost 3Kg of hard shoes on our legs. We had to face the cold wind and tiredness while climbing. It was very exhausting up there but my heart encouraged me not to give up. It was like an endless path but it came to my surprise that after a long walk of 5 hours we were about to reach the summit. The moment we reached the summit all of us were extremely happy that we shouted many slogans then took some photograph. That was one of my happiest moments of my life. At the peak signal was available so I was eager to share this happy moment with my parents so I rung them and told them about my achievement. They were also very happy but also cautioned me to be careful. And then we took a break for a while. After we regained our energy we started our way down. Moving down was as hard as going up. We had to use many different techniques to move down as well. After facing many hardships and tiredness we finally reached the camp by 1 pm. We were congratulated by all the staffs and instructors. It was a motivation and inspiration for me to see the world from such a height.

A LITTLE DREAM OF BECOMING A MILLIONAIRE!!!

Nothing IS IMPOSSIBLE!

Hello readers! You may feel surprise, curiosity or even ridiculous when you look or hear my topic. You may think how he choose this topic. But my brother and sister and everyone who is going to read this article, this is only a dream which may be possible or not.

Now when we look or search the meaning of millionaire in dictionary or internet it come out as a millionaire in is a person who has a sum of money more than a million dollar, euros, rupees, etc such person may be looking very simple but actually he or she is very respectable and very special or unique. This person must have most of comfort of life and his or her life will never go

in vain. Most of these people will be famous. But now, the question is how to become a millionaire. By making a very interesting online game software and publish it in the internet. I think, I will surely become a millionaire because there are so many people that i have found becoming millionaire in this way. I caught this idea when I heard that a game maker was arrested by the cops in Russia for making a suicide game when I was in the fifth standard. I am glad that i do not have this kind of idea to kill innocent people.

Nowadays in this 21st century which has become an important means to use our leisure times. Some people had even made playing video games as their hobby. So, when I make a new interesting videogame and publish it in the internet, I think that I will be able to become a millionaire even though it takes some time to make it .Not only this I may even become famous if it, the game, is very nice and become popular. But to enable all this, I need to do hard work very very much. In addition to this, I will need lots of people to make different parts of the game. There is a saying that usually inspired me –‘Nothing is impossible’. So, every one’s make our dreams come true.

HARD TO BELIEVE

The weight of ant in this world is heavier than the weight of the people in this world.

Dolphins breathe through a hole on their heads and regularly rise to the surface for air.

The Bingham Canyon Mine is about four times the height of the Eiffel Tower in Paris.

When a Dolphin sleeps, one half of its brain stays awake to ensure that it keeps breathing, otherwise it would drown.

A lizard may hang on after it has bitten and chewed for several minutes afterwards.

A blue whale is so big that a human being can swim through some of its largest blood vessels.

Nose prints can be used to identify dogs, just as fingerprints are used to identify humans.

It’s impossible to breathe and swallow at the same time.

An elephant once water-skied on the Hudson River in New York City.

A human has about the same number of hair follicles as a chimpanzee.

The average cow drinks about 4.4 litres of water and eats 43 kilograms of food per day.

THE FLAG OF VICTORY

COMPETITION

Every cadet of Sainik School Imphal comes with a dream and walks out with a career. During the time of class 6, they used to stay in Tikendrajit House, the junior house of SSI and when they go to class 7, they separate to 4 houses i.e Netaji, Raman, Shivaji and Tagore. Many inter- house activities are conducted within a session to award the cock house to the best competitive house. Only one house will be recognised as the champion house.

Even we the 46 soul of SSI had also experienced the activities. Among 103 cadets of class 6, 25 of us were allotted in Raman House and from that moment our first target was to help in serving the house and trying our best to host the victory flag.

In the history of Sainik School Imphal we found that it had been 9 years that our house didn't get the cock house trophy.

Mr Manoranjan Roy, our science teacher and also our asst. house master kept telling us that 'winning or losing doesn't matter.' The main thing is to first work hard and try; later the result will come automatically.

In the month of April, we got two trophies at Inter House debate competition in both senior and junior division for English. It was a joyful moment for us.

At the time of Inter house football junior we didn't get the trophy as we were in 3rd position. In volleyball junior, we were on 4th position. It was very upsetting for not getting the trophies. After summer break, the inter house poem recitation for Manipuri, Hindi as well as for English was held. We got 2 trophies in Hindi and Manipuri category. That lifted our spirit somehow. It was a very joyous moment for all of us. Again in Declamation for junior in Manipuri which was organised on 13th august, Patriot's day of Manipur we proudly bagged 1st position for junior category.

At the time of extra-curricular activities for senior division, we got 1st position in Badminton, Basket ball as well as in volley ball. But we were placed in 3rd position in football. On 31st October the Inter house cross country race with the theme of 'Run For Unity' was held and our house won the first place which was one of the biggest wins. On 20th of November the school organised the inter house drill competition

for both senior and junior division. Again this was one of the most important activity for a military school like our school because without it, the school cannot be considered as a Military school. At that also we won 1st position for junior division. The entire house was jubilant beyond words.

Then in the mid of December the school annual athletic meet arrived. This was the deciding factor of the Cock house trophy. All of us put our maximum effort to achieve it. And YES! we did it. We won the athletic trophy by difference of 100 points. In the history of Sainik School Imphal, it was the first time that the winning house won by more than 100 points. The best athlete for seniors was won by brother Jasubanta Laishram of Class 10 and brother Abdul Aziz of class 11 from our house. We the Ramanians have shown that if there is will and grit nothing is impossible. Winning the cock house trophy is not an easy task. It needs sincere hard work from each and every member of the house. We also would like to give credit to Mr Manoranjan for building up our hope and who always worked hard behind the stage. We are proud to be Ramanians.

TO THE HIGHEST AUTHORITY

Dear heavenly father, there's a serious thing I need to say;
I've heard of miracle healings and how miraculous they sound.

Yesterday, I met this aunt of mine
In the hospital and was dying.

I was spellbound to see
Her soul ready to take her flight.
Dripping liquids in drops from the drips,
Travelling down the pipe to her left wrist
She was sick and weak.

Every move she made was risk,
She still pulled her lips,

But was no longer cheerful and brisk.

I would see the pain she was going through,
I disbelieved my mom but what she'd said was true.

She'd spent thirtytwo years on earth; Now she searches for her fruit,

I deny my mom 'cause she says she wouldn't make it through.

The atmosphere was inactive; Everyone was deceiting smiles,

It took me back to that time; I met a lady who was dying.

Now I realize how my friend would have felt when she died,

Because she was his grandma. I knew she was trying

Hard to get herself some more time.

As she tried to crack a smile bidding me goodbye,

Hard to even think. Cancer consumeing her intestine

And eventually it consumed her life,

She lifts her head turning at me as she called my name.

Then she looked outside the window; Must she be trying to be brave,

She tucks her hand in the water bag as she keeps her eyes straight

Hair fallen, veins got no blood, face too pale.

Thanks
for being the
Heavenly Father

How can you be so rude?
You only taught us not to be mean.

How can you be so cruel?

The test is harder than it had never been;

Do you enjoy the view!

That my aunt's struggling to it.

I am not blaming you,

But she got forty more years to it.

Now she did not even have a year,

Now she is counting her breath,

Her eyes were all in tears,

That seen, how do I interpret?

But no doubt, she was still beautiful when I saw,

What's she done to you? She's always been dutiful without a flow.

I believe you understand she's got a baby to raise.

I'll drop all the sins for her; Think about that exchange,

That's good for you, better for her, well, best for me.

The miracle healings that you do that I still believe

Dear father in heaven; Save her! I hope you hear me.

Well, how bout you cure her, save her and

Put all the taste on me?

A LITTLE BITE ABOUT MUSICALLY AND A LOT OF TIK-TOK

Almost 3 or 4 days before when I was asked to write about a music-related article (most probably because I know how to act and dance), my mind was literally, totally blank. I kept thinking about what in the world I should write. Because, if I were to be honest it's like I LOVE music but I am not a musical nerd. So I thought and thought for three whole days, and I came up with something about music, but really I would say it was far from easy! So, here goes:

I started dancing to songs during the summer vacation of my nursery days. And, to be totally honest, it was only because I had watched a K-POP where the protagonist dance and even though it was just K-POP, I wanted my body to move at least a little bit like them. And as I gradually grew up as pianos are crazy-expensive, I decided to make do with a keyboard instead. And so, it was arranged that I spend my vacations posting music videos with my newly bought i-iphone3s. And that was how I took the tiniest step to the world of music.

The very first time/day I played the keyboard I had cramps in my hand and I worried if it was always going to be like that. But I never had cramps again, and it didn't really matter too, because I loved getting to play new things

and being told that I picked up very fast. But after a while, I kind of stopped having interest in playing the keyboard. Well, things seem really interesting when it is new; but after a while, you get kind of tired with it. So what looks like after ages, this summer, I picked it up again, and this time, I really wanted to learn more and I wanted a second chance. I wanted to play the keyboard with good reason, not just because of something as stupid as imitating a guy protagonist. And as I kept going, I really started to love playing the keyboard, mostly because of our music teacher, sir Rishi who is also the music teacher at Sainik Foundation School. I mean, yeah, I did have real determination this time but he kept being enthusiastic and that kind of enthusiasm is infectious, and it made me want to be better at what I was doing. I had no particular hobby initially, and to be honest, I had no idea I would ever land up playing the keyboard or that I would have a passion for sketching as well (unrelated topic but worth mentioning). As a kid, I hated drawing but now, all I ever do in my spare time is draw and play the keyboard. My point is, you don't know for sure what happens to you in the future. Unprecedented and unusual decisions and choices appear and you try to judge what's best for yourself. It doesn't always matter if it's right or wrong, what matters is that you try your best and follow through your decisions. I chose music, and it showed me a whole new world, a totally different world of itself. And that world is seriously complicated, because it has so many levels, so many different genres; the variety in itself is overwhelming yet beautiful. The world of music is like a vast and deep ocean, where

there are so many different types of life and even though the bottom is dark and murky and scary, the beauty of it makes none of that matter because the beauty of music and the instruments are mesmerizing, in all of its forms. And even sometimes, light can reach the bottom of the ocean.

So whatever decisions you make, no matter how stupid and foolish it is, if you just try it out; if you just grab that chance, who knows what will happen, how it will affect you and how much it will change and add to who you are. By making all those decisions, unimportant or not, it will help you to become the real "you". Because none of us are born perfect and will never be. We won't really make all the right decisions. But we have to make decisions, face the consequences; have courage and determination to face it, then we'll probably end up being one of the richest person in the world.

So, may it be music or drawing or whatever else you can think of, try it, because in all of them are different and multiple worlds, and you only live once, and trust me; when you're old and withered and don't have much energy left, you're most likely to regret not living while you could have. And you should know that 'regret' is the worst and scariest thing in this world. So right now, just go out to the world and do what you feel is right for you.

WE ARE BORN

Mother give us birth in this beautiful world, to live or to die. If we are born then we have to die one day and we are doing all this works waiting for this one day. All the works we do are just like passing our time waiting for this one day.

People are mortal, none of them are immortal, only their lifespan is different. So, during this period of waiting this one day we have to do something good so that we are immortal not in life but in the heart of people.

Immortal in the heart of people are of two types, one in the notorious way and one in the mercy way. People who do bad things are immortal in the heart of people not in a good sense but in a bad sense. Like Genghis Khan. He is immortal in the heart of people because of his bad deeds he have done and people never keep flowers on the grave of his death body. But people who do good things are immortal in the heart of people in a good sense. Like Mahatma Gandhi. He is immortal in the heart of people because of his non – violence act to get freedom from the British’s rule, which is a good deeds and people used to keep flowers on the grave of his death body in order to memorised him. So, “Be the change you wish to see in the world” in a good sense so that you are immortal in the heart of people.

So love everyone, help everyone as the life is so short as their is also a saying that “Life is just like a stage when our role finish, we die”

GAMING

What, in this world, is gaming? In general, most people think that gaming is a useless thing or something which wastes our times. Well, they are the ones who do not know how the world works right now in the outside world. Gaming has become a part of their lives. For some, it has become their profession and for some, gaming has become essential for life. It has been found out by experts that gaming actually makes our eyes sharp and it makes one mind more sensitive as well as it makes a person solve a puzzle faster as comparied to the normal people and it helps people to meet, connect from different places also. It is a fact that those who are gaming professional earn much more money than most of the civil officers. And in many countries e-sports is introduced in most of the schools. The school even encourages the students by giving prizes to the winners. It is considered as a tough competition and given the same importance like they give to any other sports. Recently, our country took part in Asian Games Tournament which was held in Indonesia where they participated in e-sports category. They played AOV [Arena of Valour], Clash Royale, PES, etc. but unfortunately the team lost. Well, in my opinion we lose because our country does not give importance towards e-sports. To conclude my article, I’m not convincing each and every one to play game but just want to tell you people that go and live your life in the way you want it to...

PEACE OUT

UP ON THE STAGE

Well, I am not much of an actor but I do love to act and I got my change during Annual Day Celebration held on 19th of December 2017 where I got the protagonist's act, a boy named Bruno, who was a German boy moving away from the hearth of the domineer Germany to a remote place where he gets no friends to play with.

Actually, the story was based on the movie "THE BOY IN THE STRIPPED PYJAMAS". In the movie, the boy would probably end his life helping a friend and the father, a Nazi commandant, would regret and mourn over his son's dead

Now, the story was like (my side of the story, not the movie's story):

To start with, I got the act of a Nazi Officer who would just shout and scold throughout the entire drama. I also wanted to play an aggressive role initially but I soon realised it was not for me. So, I requested Madam Nonida teacher-in-charge for drama to give me another chance. But she was firm and said, "If you could improve your pronunciation, maybe we can discuss". Then I was left with little hope thinking that I won't be able to do it. That's where my friends came in. Yes; Bhavananda and Vidyachandra are on top of the list. And guess what? I did it and that's how I got my Protagonist's act

Most of the time, I was sitting in the middle of the stage and practising the same lines and the same scenes again and again. But ma'am Nonida made sure that we had our moods intact

and gave us treats from time to time. Time was running and we had not much left. We were looking into our costumes, our props etc. These things the props were irritating enough to lose our temper. The props were really hard to look after; the tools were to be kept safe; the trees were not to be touched; the barbed wire was tied up regularly overtime and of course the eatables for the drama were to be kept safe.

On the final rehearsal, I did everything I could but it was not the best. I wasn't nervous but was busy enough in thinking of taking care of the prop especially the barbed wire and the wireless microphone which were given to some of us.

When the real day came, I was more like an overconfident person. So first of all, the tree didn't manage to survive that day, the wireless microphone given to me came off I the middle of the drama and I had every reason to make a fool out of me. But then I knew that every eye was glued on the stage even if I couldn't see a face. All I could see was multiple flashes from cameras of the audience. At that moment I realize that the entire practise we had done from Mid-November was going to end at that few minutes. So, it concluded in the way it should. And I am also trying to keep it short as possible, so special mentions for everyone on the team. It was quite an experience and will carry it forever.

MY FIRST TROPHY IN SSI

I am not actually interested in poetry recitation but ma'am Sarjoo motivated me (inspired me). It was Wednesday, ma'am Sarjoo called me in staff room and told me to join English poetry recitation. She had given me the poem (Grandma Climbs a Tree by Ruskin Bond).

I was a bit afraid but I said yes. After that she called brother Naoba, a class x senior to guide me. I got only three days for practise. The day before the competition, I started to experience stage fear and so I told brother Pibarel to prepare in place of me for the competition. But the next day it was confirmed that I will represent Netaji house. After dinner brother Naoba let me practise. After that brothers of class 12 checked my progress. The day finally came for the competition. I was the fifth speaker. I thought I had performed well. I thought I could at least be the 7th position. But to my surprise positions 7th, 6th, 5th, 4th, 3rd, 2nd have been announced skipping my name. My friends cheered for me a lot when they knew I was in 1st position. I felt proud to receive the trophy before the audience. It was a beautiful experience.

THE WEEPING TREE

Stood still for the last twenty years,
No visitors did she receive.
Had provided enjoyment to the children,
Shelter, shade and fruits.
Playing and singing by many,
Around the shady tree.
Snakes, lizards and insects,
Made their settlement.
Felt irritated being there,
Did the children stop visiting then.
With the growing technology,
Worried the mother tree,
To behold the children holding the new fades,
And roaming around freely.
Time passed; family larger;
Needed construction to expand,
Over the plain of the tree.
No one ever dared to save her,
When the mankind cut the weeping tree.

A TRIP TO SHILLONG

We all want to travel during our vacation. There are many amazing facts about travelling.

1. Travel can help improve our problem solving skills.
2. Travel can lower risk of heart diseases.
3. Travel has been shown to help those suffering from depressions.
4. One out of eight jobs in the US depends on travel and tourism.

Last summer vacation, I had gone to Shillong with my friend's family. My friend Deepraj told me about the trip one month before vacation. On 07 May 2018, my father dropped us at the airport at around 9:30 am. Our flight was going to depart at 10:00 am. So, we get inside the airport for checking in. We took our boarding pass and headed towards our airplane. I was very lucky that I got a window seat and my seat number was 16F. It took around 40 minutes to reach Guwahati. After reaching Guwahati, we took one traveller car and headed towards Shillong. I was overwhelmed to see the beauties of the landscapes on the way and eventually we reached our destination. Then, we booked our room at a hotel called Broadway.

The next morning we called our traveller driver and we went to Shillong peak. From there we can see most of the city. Then we went to Dauki village which is in Bangladesh and it is the cleanest place I ever have seen, I should say.

The next morning we went to Cheeranpunji. It holds record for world's highest

rainfall. When we reached there, I felt too much cold. I felt like I was standing in the cloud. I also saw a very interesting place. From the view point I saw a waterfall and soon it was covered with cloud and everything became invisible.

The remaining three days we did shopping and visited various tourist spots like Worst Lake, Shillong Golf Course etc. It was a memorable trip. I will never forget such a trip in my life.

2. I'm lighter than air but a million men cannot lift me up?

Bubble

3. What is it that a boy hides and walks, but a girl shows everyone and walks?

Purse

4. If it took 8 men ten hrs to build a wall, how long would it take 4 men to build-it?

None; already built

5. Where can you find rivers with no fish; road with no cars; seas with no ships and towns with no people?

On a map

6. How can you drop a raw egg onto a concrete floor without cracking it?

The egg won't crack the concrete floor!

7. Some months have 31 days, others have 30 days. How many months have 28 days?

All months have 28 days

8. How many times does the alphabet 'a' appear from 0-100?

A 'MIGHT'- CURE FOR CANCER

Medical science is a foundation of cures for many diseases. 'It' literally has cured numerous diseases. However, many diseases on this earth still remain uncured. They cause fatal problems to the suffering individual. Fatal diseases are always too complex to cure. Some other diseases had already been cured in the past. The number of death on the earth has been increasing rapidly. Among these, 70-80% of death is caused by diseases. Cancer is one of such dreadful diseases.

I am not a scientist or a brainy person who can bring up the ideas of diseases. But here's a hint I can give to the world or whosoever is reading this piece of writing. Every disease has a beginning stage. And that beginning stage is the point to be checked carefully for its cure. A person suffering from cancer will go through difficult stages. Each stage of any diseases is used to find the root cause of the stage. Then it would bring out a multi-stage cure, which 'will' or 'might' be a curing factor. These ideas might have been in the mind of all people and all readers. Anybody on this earth may be a scientist or a biologist or any one might know it or may have been working on it. And I'm happy that I've contributed at least 0.0001% of my mind on curing cancer.

Now that we live in a modern world, we have more chances of curing diseases. The young minds of youth are ideatic and very creative. Cancer has been an annoying pain in life of human beings. Doctors, scientists and people

who are still trying to cure cancer.....May god help them in all the works of their life! I'm glad that 0.0001% of my ideas can be a helping hand to curing cancer. Don't forget everything has a root and it is the end of it.

Thank you

GIGS

Sonia : Ramesh, get some milk from Tom's shop.

Ramesh : Yes mom.

Ramesh goes to the shop with a small glass. At the shop.....

Ramesh : Uncle Tom, give me half litre of cow milk.

Ramesh thinks that cow is big and so a big vessel may be needed. But for goat's milk his glass may be enough.

Ramesh : Uncle, give me half litre of goat's milk instead of cow's milk.

Tom : Huh!!!

TIME

OH TIME! OH TIME!

What kind of thing you are?

You just keep moving,

And wait for none.

You are so pleasant;

You never feel sad,

Nor feel angry,

When people say bad things about you.

You do all the work,

In a proper way.

But some people think you are fast,

And some people think you are slow.

But you are neither fast nor slow.

41st Lordz

In the CBSE New Assessment Scheme of examination from the academic year 2017-18, CCE and term system has been replaced with single Annual Exam by CBSE itself. For class X the exam will be conducted by CBSE for 80 marks and other 20 marks are kept with schools for internal assessment. The scheme of assessment will be applicable to classes VI to X in all CBSE affiliated schools. For classes IX and X, Internal Assessment will consist of Periodic Test (10 marks), Notebook submission (5 marks) and Subject Enrichment Activities (5 marks). The school should conduct three periodic written tests in the entire academic year and the average of the best two will be taken. Notebook submission as a part of internal assessment is aimed at enhancing seriousness of students towards preparing notes for the topics being taught in the classroom as well as assignments. This also addresses the critical aspect of regularity, punctuality, neatness and notebook upkeep. These are subject specific application activities aimed at enrichment of the understanding and skill development. These activities are to be recorded internally by respective subject teachers.

CO-CURRICULAR ACTIVITIES: 2018-19

Cdt Melvin, Cdt Alex and Cdt Athouba during the Inter-House English Debate Competition (Jr)

Cdt Naoba, Cdt Bhavananda and Cdt Lalthazuala during the Inter-House English Debate Competition (Sr)

Cdt Joey, Cdt Alenjit and Cdt Bolin during the Inter-House English Declamation Competition (Jr)

Cdt Donald, Cdt Lalthazuala and Cdt Vidyachandra during the Inter-House English Declamation Competition (Sr)

Cdt Suraj, Cdt Minerva and Cdt Malemnganba reciting their English poems during the Inter-House English Poem Recitation Competition (Jr)

1- होली

इस बार खूब खेलेंगे होली
 इस बार खिलेंगे कमल
 हर तरफ कमल ही कमल।
 एक दिन की होली से
 मन नहीं भरता है,
 इस बार हम खेलेंगे इम्फाल की होली।
 फैंकेंगे एक दूसरे पर गुलाल,
 रंग-बिरंगे गुलाल से
 प्रेम की बीज बोयेंगे,
 एक दूसरे के दिलों में सदा के लिए।
 युवक-युवतियों के थाबल (एक प्रकार के नाच) देख
 ऐसा लगा कि जैसे स्वयं श्रीकृष्ण
 झूम झूमकर नाच रहे हो गोपियों के संग।
 माताओं द्वारा टोली बनाकर
 गली, मोहल्ले, घर-घर जाकर,
 हरी की भक्ति संगीत सुनाने की प्रथा से
 ऐसा लगा कि भक्ति आंदोलन की तेज लहर
 पूर्वांचल क्षेत्र को बहा ले जायेंगे।
 चारों तरफ खुशियाँ ही खुशियाँ,
 हर धर्म के लोग मनाते हैं, एक साथ होली
 अब होगी असत्य पर सत्य की जीत।
 भक्ति की इस लहर में बहा ले जायेगा
 आपसी न.फरत, लालच, अधर्म आदि।
 आयी रे होली! आयी रे होली!

8- एक अनोखा अनुभव

हर मनुष्य के पास अपना-अपना एक अनुभव जरूर होता है। चाहे वह अनुभव अच्छा हो या बुरा प्रत्येक अनुभवों से हमें नयी पाठ जरूर सीखने को मिलता है। सभी अनुभव भिन्न स्थितियों से लड़ना और उन समस्याओं के हल निकालना भी सिखाता है। जो अनुभवों से कुछ सीखता है वही जिन्दगी के हर मुश्किल मोड़ पर विजय झंडा फहराने में सफल भी होता है। यह एक सत्य है।

कहते हैं जब कोई मनुष्य इस धरती में पैदा होता है तो भगवान उसे किसी न किसी मकसद से जरूर भेजता है। कोई उसे दिए हुए मकसद को पुरा करने में समर्थ होते हैं तो कोई असमर्थ। यह तो भगवान की कृपा और भाग्य पर निर्भर हैं। हर साल हमारे स्कूल में अंतर सदनीय प्रतियोगिताएँ होती रहती हैं। सौभाग्यवश मुझे भी अंतर सदनीय हिन्दी कविता पठन प्रतियोगिता 2018 में भाग लेने का सुनहरा मौका मिला। अभ्यास के दौरान मेरे अंदर आत्मविश्वास नहीं था, मगर परिश्रम करता रहा। अंततः मैंने आत्मविश्वास हासिल किया। मुझे फल की चिंता नहीं थी, मुझे केवल अपना कर्म करना था। अभ्यास के दौरान मुझे जो आत्मबल मिली उससे मैं स्वयं बहुत खुश था। इस दौरान मैंने कविता को अच्छी तरह समझा एवं कम समय पर उसे कंठस्थ कर पाया था। जो भी था, मैं अपने प्रदर्शन से बहुत खुश था।

इस प्रतियोगिता के लिए मुझे एक अच्छी सी कविता मिली जिसको मैंने मन लगाकर कंठस्थ किया, उसे समझा और कविता की लय एवं

उच्चारण आदि पर ध्यान दी। मेरे कविता का नाम था 'घर की याद' और कवि भवाणीप्रसाद मिश्र जी थे। उन्होंने यह कविता स्वतंत्रता संग्राम के दौरान कारावास में रहते हुए लिखा था। उन्होंने अपनी घर की यादों को अपनी कविता में बहुत ही सुन्दर ढंग से प्रस्तुत किया है। इस प्रतियोगिता की तैयारी के लिए मैंने कविता को अच्छी तरह कंठस्थ किया और जमकर उसपर अभ्यास किया। देखते ही देखते प्रतियोगिता का क्षण आया, एक तरफ मन में जोश था तो दूसरी तरफ कम अनुभवी होने के कारण थोड़ी सी घबराहट भी थी। मैं अपनी ही लय में इतना खो गया था कि कविता कब खतम हुई पता ही नहीं चला, श्रोता के तालियों की गूँज सुनकर मुझे होश आया। परिणाम घोषित हुआ और जिसमें मुझे तीसरा स्थान मिला। इस उपलब्धि से मैं काफी खुश था। इस अनुभव से मेरे अंदर एक आत्मविश्वास जगा जिससे मेरे अंदर बैठा डर अपने-आप गायब हो गया। जो भी परिणाम था उससे सब संतुष्ट थे। इस प्रतियोगिता की सम्पूर्ण अभ्यास से मैंने एक बात सीखी कि परिश्रम और मन की एकाग्रता से किसी भी चुनौती पर आसानी से विजय प्राप्त किया जा सकता है। केवल यह प्रश्न महत्वपूर्ण है कि— आपने कैसे, किसतरह और कितना अभ्यास तथा तैयारी की?

7- आत्मविश्वास

आत्मविश्वास मनुष्य को सफलता के मार्ग पर आगे ले जाने वाली एक अमूल्य शक्ति है। जिसके पास आत्मविश्वास है वह अपने जीवन की नौका को बड़े संकटों के समुद्र के बीच से निकाल सकता है। आत्मविश्वास की कमी ही असफलता के मार्ग पर ले आती है। आत्मविश्वास के अभाव में मनुष्य में बुराइयों पैदा हो जाती है। बुरे विकारों को जन्म देती है। आत्मविश्वास वह शक्ति है जो मनुष्य को महान बना देती है। साथ ही गंदे विचारों से आत्मविश्वास की भावना कम होती है और सकारात्मक विचारों से आत्मविश्वास की भावना पैदा होती है। मन से गंदे विचारों को बाहर निकालकर उज्ज्वल और आशावादी विचारों को ग्रहण करने से आत्मविश्वास जाग उठता है और मनुष्य बिना मुश्किलों से अपने लक्ष्य की ओर आगे बढ़ने लगता है। इसलिए हमें अपने मन में आत्मविश्वास को जगाना चाहिए, यही सफलता का मूल मंत्र है।

6- सैनिक स्कूल इम्फाल में मेरा अनुभव

आज भी मुझे वह दिन याद है। मुझे सैनिक स्कूल इम्फाल में २० जून २०१८ को प्रवेश लेकर टिकेन्द्रजीत छात्रारवास में रहने का सुनहरा अवसर मिला था। इम्फाल मणिपुर की राजधानी और भारत का एक विशेष राज्य भी है। यहाँ आने से पहले मन में कुछ डर तो था ही मगर मेरे घरवाले यहाँ के माहौल खासकर सैनिक स्कूल इम्फाल के अनुशासन व पढ़ाई से अच्छी तरह परिचित थे। इसी कारण घरवालों ने मुझे यहाँ पढ़ाने का निर्णय लिया। वैसे देखा जाय तो पहली बार मैं अपने घर यानी उत्तरप्रदेश से इतना दूर पढ़ने आया था। अपने मोहल्ले के दोस्तों व घरवालों को छोड़कर आने से शुरूआती दिनों में मन थोड़ा उदास था। पहले स्कूल के बारे में जानने और सैन्य जीवन शैली में रहने के लिए बहुत उत्साहित भी था उस समय नवगांतुक छात्रों को आशिर्वाद प्रदान करने के लिए अभिभावकों के साथ स्कूल की तरफ से एक कार्यक्रम भी रखा गया था। प्रत्येक अभिभावक अपने-अपने पुत्रों को आशिर्वाद दे रहे थे। इस दौरान संयोग से सैनिक स्कूल इम्फाल में अपने-अपने अभिभावकों के साथ अंतरराष्ट्रीय योग दिवस मनाने का मौका भी मिला। इन सबसे मैं बहुत खुश था।

मेरे लिए सब कुछ नया था, हर पल मुझे परीक्षा की घड़ी से गुजरना था। क्योंकि रहन-सहन, खान-पान, संस्कृति और मौसम आदि में इम्फाल उत्तरप्रदेश से बहुत भिन्न थी। इन सबसे घूल-मिलने के लिए मैं लगातार प्रयास करता रहा और अंततः सफल भी हो गया। कई अच्छे दोस्त बनें, हमारे बचपन की आदतें, शिकायतें, इच्छाएँ आदि एक सी थी। साथ ही प्रिय शिक्षकों ने भी बहुत स्नेह दिया। कब मैं सैनिक स्कूल की माहौल में अपने-आप ढल गया पता ही नहीं चला। पहले यह सोचकर मन डरता था कि सात साल का शैक्षिक काल कैसे पुरा हो पायेगा। यह डर समय के साथ अपने आप मिट गया। आज, आठ-नौ माह बीत जाने के बाद मैं गर्व से महसूस करता हूँ कि प्रतिदिन मेरे अनुभव की कूजी बढ़ती जा रही है। अब, केवल मेरे सामने एक लक्ष्य है, एन डी ए के द्वारा भारत के एक बहादुर सैनिक अफसर बनकर भारत माता की सेवा करूँ।

13- आनंद(खुशी)

दुनिया के सारे व्यक्ति खुश नहीं होते हैं। दुनिया के सबसे धनी व्यक्ति भी हमेशा खुश नहीं होते होंगे। खुशी वह अनुभव है जो धन से नहीं पा सकते। जीवन में खुशी पाने के लिए हमें अच्छे कर्म करने के साथ-साथ सदाचार को अपनाना होगा। संत कबीरदास ने ठीक ही कहा है - प्रेम से भरी सत्य पर आधारित मीठी वाणी बोलो जिससे बोलनेवाले भी खुश और सुननेवाले भी खुश। दोस्त, भाई-बहन, रिश्ते-नाते आदि के साथ अच्छे संबंध स्थापित करने चाहिए। शुद्ध आचरण से शुद्ध प्रेम और अपनापन ही प्राप्त होता है जो मनुष्य को उपहार के रूप में केवल खुशहाली देता है। हर मनुष्य के लिए यह खुशहाली अन्मोल होती है, इसकी कोई कीमत नहीं होती है।

हाँ, चंद लोग दुखों को झेलकर ही अपने-आप खुश होते हैं। सुख में भी दुख है तो दुख में भी सुख है। दोनों ही स्थिति में आनंद ही आनंद है। इन दोनों स्थितियों में जीने का प्रयास करना चाहिए। वही मानसिक रोगों से मुक्त रहेंगे जो अपनी समर्थता और असमर्थता को स्वीकार करता हो। मेरे मतानुसार अपने गलतियों को पहचानकर, उन्हें सुधारने का प्रयास लगातार करना अतिआवश्यक है, विशेषकर छात्रों को.....।

अंतर सदनीय ड्रील प्रतियोगिता, एक अलग अंदाज में

चाहे परीक्षा हो या कोई भी प्रतियोगिता, केवल हम सफलता की कामना करते हैं। सैनिक स्कूल इम्फाल की एक अलग और खास प्रवृत्ति यह है कि प्रत्येक शैक्षणिक – सत्र की सबसे अंतिम क्षणों में होनेवाले प्रतियोगिताएँ होती हैं, वे काफी रोमांचक होता है। सभी कैडेट, सदन से जुड़ी हुई हर अध्यापक, कर्मचारी तक की नजर इन दिनों होनेवाली प्रतियोगिताओं के परिणामों पर होती है। क्योंकि इन परिणामों से जो सदन अंक तालिका में सबसे ऊपर होंगे उसी सदन को उस वर्ष का 'सर्वश्रेष्ठ सदन यानि काँक हॉउस' घोषित किया जाएगा। इसलिए सब की उत्सुकता और बढ़ जाती है।

हर साल होनेवाले अंतर सदनीय प्रतियोगिताओं में फूटबॉल प्रतियोगिता के बाद ड्रील प्रतियोगिता सबसे अधिक रोमांचक कार्यक्रम होता है। अच्छे प्रदर्शन करने के उद्देश्य से सभी सदन के चुने हुए टोली को कक्षा के बाद दोपहर से शाम तक लेफ्ट राइट करते हुए ड्रील मैदान में पसीना बहाते हैं। उनके जोश और उत्साह हमें भी आकर्षित करता है। 20 नवंबर सन् 2018 के दिन कोन्टीजेन्ट ग्रुप और एकल प्रतिभागियों ने बाहर से आये हुए जजों के सामने ईमानदारीपूर्वक अपने-अपने सर्वश्रेष्ठ

प्रदर्शन प्रस्तुत किये। हमारी नजरों में सर्वश्रेष्ठ टोली और सर्वश्रेष्ठ अकल प्रतिभागी का तय करना कठिन था क्योंकि सब के सब समान रूप से प्रदर्शन कर रहे थे। शायद यह निर्णायक मण्डल के लिए भी मुश्किल होगा। देखते ही देखते परिणाम सामने आया, जिसने सबको आश्चर्य में डाल दी। नेताजी सदन को श्रवश्रेष्ठ कन्टीजेन्ट घोषित किया गया भले ही एकल श्रेणी में द्वितीय स्थान से ही संतुष्ट होना पड़ा। फिर माननीय प्राचार्य महोदय के हाथों से पुरस्कार पाकर सभी नेताजीयन बहुत खुश थे। इसतरह एक अलग अंदाज में, अंतर सदनीय ड्रील प्रतियोगिता सम्पन्न हुआ था। वह दिन मेरे जीवन के स्मरणीय यादों में अमर रहेगा।

किताब

सर्वदा सरस्वती देवी की, हम पर हों कृपा
कई तरह की हैं किताबें
देती हैं हमें कई तरह के ज्ञान।
उन ज्ञानों को पाने की होड़ लगी रहती है
जिसने भी जिस ज्ञान पर अधिकार जमा ली
समझो उसने दुनिया को अपनी मुठ्ठी में बंद कर ली।
ज्ञान की पूजा और कठिन परिश्रम से बुद्धिमान बनता है
कहते है संसार पुस्तक है
कई तरह की अक्षरों में लिखी हुई
कई तरह की पुस्तकें, अनोखी पुस्तकें,
उनमें होती हैं कई तरह के ज्ञान।
ज्ञान के बिना जीवन व्यर्थ है
सही कहावत है- काला अक्षर भैंस बराबर।
आओ ज्ञान की ज्योति से जीवन की अंधेरेपन को प्रकाश दें।

11- एक छोटी सी गलती

मेरे विचार से गलतियाँ सभी से होती हैं क्योंकि हम मनुष्य हैं। जो सोचता है वह नहीं होता, जो नहीं सोचता वह अपने आप हो जाता है। इन सबसे हम बहुत कुछ सीखते हैं और जीवन में आगे बढ़ते हैं। अगर हम अपनी गलतियों को पहचान कर अपने आप को सुधारते हैं तो जीवन में आगे चलकर कामयाब होते हैं।

कहते हैं दोष किसमें नहीं है, हर व्यक्ति में अच्छाई और बुराई होती हैं। सफल व्यक्ति उनको अपने काबू में रखने परसफल होता है, यही एक सफल व्यक्ति की सफलता का राज है। मेरे जीवन में भी एक ऐसी अनचाह घटना घटी जिसकी कल्पना हमने कभी नहीं की थी। हर साल होनेवाली तमाम परीक्षाओं में हर विषयों में अच्छे अंक पानेवालों की सूची में शामिल होकर भी उस समय वर्तमान परीक्षाओं में कोई खास कमाल नहीं दिखा पाया था। परीक्षा के दिनों में आसान से आसान प्रश्नों के उत्तर नहीं दे पाया। कुछ दिन बाद जो भी परिणाम आया उससे मैं निराश व हताश नहीं था। क्योंकि उस परिणाम का बीज बोनेवाला और कोई नहीं मैं स्वयं था। हर विषय में मुझे बहुत कम अंक मिले। उस अनकही घटना ने मेरी छवि को इतना खराब किया कि हर मोड़ पर मेरी निंदा होती रहती थी। उस अनकही, अनचाह घटना के कारण कई दिनों तक परेशान रहने के बाद मैंने कसम खाया कि जिन्दगी में उसतरह की कोई भी गलती नहीं करूँगा। जितना हो सकें लोगों के सामने अच्छी छवि बनाने की कोशिश करूँगा।

10- जीवन का उद्देश्य

क्या आपने कभी खुद से पूछा है कि संसार में आप क्यों पैदा हुए थे! इस धरती में रहने का आपका उद्देश्य क्या है? भगवान ने आपको इस धरती पर क्यों भेजा है? सबके अपने लक्ष्य होते हैं और अपने लक्ष्य की ओर मेहनत के साथ हमेशा आगे बढ़ते हैं। उनमें से कुछ कामयाब होते हैं तो कुछ असफल भी होते हैं। यह तो प्रकृति का नियम है। जिस व्यक्ति का लक्ष्य नहीं होता उसका जीवन व्यर्थ है। हाँ, लक्ष्य तक पहुँचने के लिए कई बाधाओं को पार करना पड़ता है। समय का पालन करते हुए परिश्रम करना एक सफल व्यक्ति बनने के लिए मूल मंत्र है। संसार में कोई अमर नहीं होता, संसार में उसी का नाम अमर रह जाता है जिसने अच्छे कर्म किए हों, मनुष्यता को बचाने का हर संभव प्रयास किया हो।

जीवन का उद्देश्य खाना—पीना, मौज—मस्ती करना और दूसरों को कष्ट देना नहीं होता है। मरने के बाद भी हम अपने अच्छे कर्म से अपने नाम को अमरत्व प्रदान कर सकते हैं।

मेरे विद्यालय का ४३ वां वार्षिक खेल दिवस

आज 21वीं सदी में हर प्रकार के खेलों को अधिक महत्व दिया जा रहा है। खेलों के महत्व को समझते हुए भारत सरकार ने 'खेलो इंडिया' का आयोजन स्कूल, कॉलेजों आदि में की है। इसका उद्देश्य किताबी बोझ को हटवाकर शारीरिक स्वास्थ्य को महत्व देना है। कहते हैं स्वस्थ शरीर ही मनुष्य का सबसे बड़ी पूँजी होती है। इस पूँजी के बिना सारा धन, संपत्ति व्यर्थ है।

खेल-कूद के बिना सैनिक स्कूल का अस्तित्व आधे-अधुरे है। सैनिक स्कूल में हर सत्र के वार्षिक खेल दिवस को एक उत्सव की तरह मनाया जाता है। यह उत्सव सब के लिए काफी रोमांचक होता है क्योंकि इस में छात्रों की जोश और उत्साह साफ झलकती हैं। वही विजयी बनता है जो प्रतियोगिता के पूर्व अभ्यासों में खूब पसीना बहाता है। उसी की ही व्यक्तित्व चमकती है। हमारे विद्यालय का 43 वां वार्षिक खेल उत्सव का प्रारंभ 12 दिसम्बर, सन् 2018 से प्रारंभ हुआ। इस अवसर पर शुभारंभ की घोषणा मणिपुर राज्य के शिक्षा मंत्री और सैनिक स्कूल इम्फाल के पूर्व कैडेट माननीय श्री राधेशाम थोकचोम द्वारा हुआ। इस उपलक्ष्य में इनके आकर्षक भाषण के दौरान अंतिम क्षण में कहा गया एक पंक्ति स्मरणीय है कि— "जीवन में सफलता किसी को शुरुआती दिनों में मिल जाती है तो किसी को मध्यांतर में तो किसी को जीवन के अंतिम क्षणों में प्राप्त होता है। अतः जीवन संघर्षमय है, संघर्ष करते रहना चाहिए, कभी भी संघर्ष से घबराना नहीं चाहिए। जीवन में आगे बढ़ते रहना,

हमें सीखना चाहिए।"

जोशभरी भाषण के बाद उन्हीं के हाथों नवनिर्माण भव्य किला 'कड.ला द्वार' का उद्घाटन हुआ। श्री राधेशाम मणिपुर के लोकप्रिय युवा राजनीतिज्ञों में से एक है। आई .पी .एस पुलिस अधीक्षक से राजनीति तक की सफर में उन्होंने युवाओं को काफी प्रभावित किया है।

वह दिन बहुत ही रोमांचक दिन था। पूरे विद्यालय परिसर एवं खेल के मैदान को झण्डों, रंग-बिरंगी कागज की पत्तियों एवं फूलों से सजाया गया था। ड्रील और खेलों ने अतिथियों और अभिभावकों को बहुत आकर्षित किया।

हर सदन के निर्धारित खिलाड़ियों ने सभी अनुशासनों(भिन्न खेलों) में हिस्सा लिया। सब की नजर इस उत्सव की चैम्पियनशीप पर थी क्योंकि इस उत्सव का अंक ही 'कोक हॉउस ट्रॉफी' का निर्णय करनेवाला था। इसलिए यह प्रतियोगिता काफी महत्वपूर्ण थी। लम्बे समय से सारे कैडेट और अध्यापक इस क्षण का इंतजार कर रहे थे। मेरे टैगोर सदन के साथियों ने कई अनुशासनों पर स्वर्ण पदक सहित कई अन्य पदक जीते। तीन दिन के खेल प्रतियोगिता में सभी ने अपने-अपने प्रतिभा दिखाए। अंतिम दिन के समापन समारोह में पुरस्कार वितरण हुआ। जिसमें हमारे सम्माननीय प्राचार्य महोदय ने पुरस्कार बांटे और खिलाड़ियों का उत्साहवर्धन किया। इसतरह किसी भी तरह की खेल-कूद सब को अपनी ओर आकर्षित करता रहता है।

5- बचपन

बचपन की यादें बहुत प्यारी
मस्तियों से भरी हुई है
अपनी ही दुनिया में खोया रहता,
माँ की गोदी में बैठकर रूठने में आनन्द मिलता है।
चिढ़ता था स्कूली पढ़ाई के बोझ से
भाड़ी भड़कम बस्ता, लगता था गधे के ऊपर लादी हुई
भारी बोझ।
बारिश की बूंदों में लापरवाही से खेलना
बड़ों के डाँट-डपट, मास्टर जी की छड़ी,
फौजियों की तरह टोली बनाकर लेफ-राइट करते हुए चलना
सब में एक तरह की मस्ती भरी सुख, चैन है।
जिन्हें आज भी याद करके स्वयं प्रसन्न होता हूँ
खोया रहता हूँ, मैं स्वप्न की दुनिया में
अपनी ही मस्ती भरी दुनिया में।

12- फूटबॉल के इतिहास में सैनिक स्कूल इम्फाल

हर व्यक्ति को खेल अच्छा लगता है। मैच, विशेष रूप से जब वह अंतर स्कूल टूर्नामेंट जैसी महत्वपूर्ण घटना हो, अत्यंत आनंदकर अनुभव होता है। जीत, दर्शकों की करतल ध्वनि और जीत के रूप में ट्राफी हासिल करना यादों में संजोए रखने वाला अनुभव होता है।

भारत में 26 सैनिक स्कूल हैं, भारत की वर्तमान शिक्षा-प्रणाली में सैनिक स्कूलों की उपलब्धि को लेकर काफी प्रशंसा की जा रही है। अतः इन्हीं उपलब्धियों के चलते सभी राज्यों की ओर से अपने-अपने क्षेत्र में सैनिक स्कूल की स्थापना करवाने हेतु मांग की जा रही है। इसका एकमात्र कारण है सैनिक स्कूल द्वारा दी जानेवाली अच्छी शिक्षा और अन्य सुविधाएँ। वैसे देखा जाय तो सैनिक स्कूल का लक्ष्य भारतीय फौजों में एन डी ए के द्वारा भारतीय फौज के तीनों शाखाओं में ज्यादा से ज्यादा अफसर भर्ती करवाना है। सैनिक स्कूलों में शारीरिक व्यायाम व खेल-कूद को भी विशेष महत्व दिया जाता है। जहाँ तक सैनिक स्कूल इम्फाल की बात की जाय तो हमारे स्कूल का लोकप्रिय खेल 'फूटबॉल' है।

भारत में सैनिक स्कूल की स्थापना का इतिहास लगभग 50-60 वर्ष पुराना है। तब से हर साल सैनिक स्कूल सोसाइटी द्वारा आयोजित

इंटर जॉनल फूटबॉल चैम्पीयनशीप प्रतियोगिता का आयोजन करता आया है। इस प्रतियोगिता को दो वर्गों में बाँटा गया है— क) अंदर-17 और ख) अंदर-14 श्रेणी। पुरानी रिकॉर्ड यह साफ बताता है कि शुरू से ही सैनिक स्कूल इम्फाल ने दोनों ही श्रेणियों में अधिकांशतः विजय प्राप्त की और उपलब्धियों का नया इतिहास दर्ज की है। जिसका श्रेय इम्फाल के खिलाड़ियों को जाता है, जिन्होंने हमेशा मैदान में जमकर मेहनत की, पसीना बहाया और अच्छे प्रदर्शन करते रहें। इसमें हमारे अध्यापकों के भी विशेष योगदान रहे हैं, उनके मार्गदर्शन और आशिर्वाद के बिना कुछ भी संभव नहीं था।

सैनिक स्कूल इम्फाल ने हमेशा सर्वश्रेष्ठ फूटबॉल टिम होने का प्रमाण मैदानों में दिया है। प्रायः इम्फाल की टिम ने सभी सैनिक स्कूल की ओर से प्रतिनिधित्व करते हुए कई बार 'सुब्रोतो मुखर्जी कप' में भाग लेकर उसमें अच्छा प्रदर्शन किया है। अब तक भारतीय फूटबॉल को सैनिक स्कूल इम्फाल ने अच्छे-अच्छे खिलाड़ी दिये हैं। जैसे— कैडेट नोंदमबा, बीजेन, सैजा, सरन, रतन इत्यादि। इनमें से कुछ तो राष्ट्रीय व अंतरराष्ट्रीय स्तर पर खेल चुके हैं, खेल रहे हैं। जब भी भारतीय फूटबॉल की चर्चा होती है तो उक्त खिलाड़ियों का उल्लेख अवश्य किया जाता है। हाल ही की बात की जाय तो कैडेट शिद्धार्थ को भारत के अंदर-16 टिम के प्रशिक्षण हेतु चयन किया गया है। मेरा मानना है कि यह सैनिक स्कूल इम्फाल और सभी खिलाड़ियों की एक बड़ी उपलब्धि है। अतः स्कूली पढ़ाई के साथ अगर हम अच्छे खिलाड़ी हैं तो

खेल-कूद में उज्ज्वल और सुरक्षित करियर बना सकते हैं। इस उद्देश्य से शैक्षणिक संस्थानों में पढ़ाई के साथ अनिवार्य रूप में 'खेलो इंडिया' के तहत खेल को विशेष महत्व दिया जा रहा है जिससे हमें सकारात्मक लाभ लेना चाहिए।

15- शिक्षा नीति में निरन्तर परिवर्तन शैक्षिक विकास में बाधक हैं। (विपक्ष)

अध्यक्ष महोदय, सर्वप्रथम हमें इस तथ्य को स्वीकार करना होगा कि— गतिशीलता ही जीवन की आधारशिला है, जब जीवन में गतिहीनता का समावेश हो जाता है, तब वह मृतप्रायः हो जाता है। इसी संदर्भ में वेद हमें आज्ञा देते हैं कि “ सदा विचरण करते रहो, विचरण करते रहो।” क्योंकि विचरण करने से अच्छा फल प्राप्त होता है। आदि काल से अब तक मनुष्य जाति की जीवन शैली बदलती रही और मनुष्य ने कई उपलब्धियाँ भी हासिल की। इसका सारा श्रेय समकालीन शिक्षा नीति को दिया जाना चाहिए।

अध्यक्ष महोदय, विश्व विख्यात विद्वान ब्रबैकर ने कहा था “शिक्षण में छात्र मुख्य भूमिका का निर्वाह करते हैं और शिक्षक सीखने योग्य स्थितियाँ बनाता है।” और महर्षि अरविन्द ने शिक्षा का वास्तविक अर्थ समझाते हुए बताया है कि—“शिक्षा मानव को मुक्ति का रास्ता दिखाती है, शिक्षा मानव को बौद्धिक और भावात्मक रूप से इतना मजबूर और दृष्टिवान बनाती है कि वह स्वयं ही आगे बढ़ने का रास्ता, ज्ञान सृजन का मार्ग और ज्ञान के सहारे अपने विकास का रास्ता ढूँढने योग्य हो जाता है।” इसी क्रम में माइकेल जोर्डन ने कहा कि “शिक्षा का अर्थ है— व्यक्ति की विशेष आदतों, रुचियों, मानसिक तथा शारीरिक क्रियाओं और

नैतिक आदर्शों का विकास।” इन्हीं सिद्धान्तों के आधार पर बदलते परिवेश और नवीन समस्याओं के आधार पर आवश्यकतानुसार समय—समय पर चिंतकों ने शिक्षा नीति में निरन्तर परिवर्तन किया जिससे शैक्षिक विकास हो पाया है। इसका फायदा शिक्षक और छात्र दोनों को मिला है।

अध्यक्ष महोदय, आज पहले की तुलना में कई नवीन समस्याएँ हमारे सामने हैं जैसे — अलगाववाद, आतंवाद, किसान आत्महत्या, स्त्री विमर्श आदि की समस्याएँ। इनसे निपटने के लिए हमें कानून में बदलाव लाने के साथ हमारी शिक्षा नीति में भी परिवर्तन लाना होगा। जिससे नई पीढ़ी में अच्छे—बुरे को लेकर सोचने समझने की चेतना विकसित हो सकें। साथ ही चाहे विज्ञान का विषय हो या भूगोल, इतिहास या साहित्य का, सभी विषयों के समक्ष शिक्षा—दिक्षा को लेकर हमेशा कई नवीन समस्याएँ आती रहती हैं। इन स्थितियों में अच्छी शिक्षा नीति की अभाव में शैक्षिक विकास नहीं हो पाता है। इसका अभिप्राय स्पष्ट है कि शैक्षिक विकास हेतु शिक्षा नीति में निरन्तर परिवर्तन जरूरी है। प्रत्येक सफलता के लिए अच्छी नीति का होना अतिआवश्यक है।

अध्यक्ष महोदय, मुझे लगता है मेरे विपक्षी मित्र जादुई व मिथकीय दुनिया में जीकर हमेशा मन में अविश्वास और संशय को पालते हैं। इस लाइलाज मानसीक बीमारी से निजात पाने के लिए स्वामी रामकृष्ण परमहंस का एक अमूल्य कथन यहाँ रखना चाहता हूँ कि “विश्वास जीवन है, संशय मृत्यु है।” आज जिसतरह हम विभिन्न शिक्षा बॉर्ड द्वारा बनाये गये पाठ्यक्रमों और परीक्षाओं पर विश्वास करके उन्हें स्वीकार कर रहे हैं। समय

समय पर शिक्षा नीति में जो भी परिवर्तन किए जा रहे हैं वे विद्वानों एवं चिंतकों के विचार—विमर्श का ही परिणाम हैं। अर्थात् उनके निर्णय, मूल्यांकन, निष्कर्ष समाज के लिए सौ प्रतिशत साकारात्मक, उपयोगी और भरोसेमन हैं। हमें इस सत्य को स्वीकार कर लेना चाहिए कि— शिक्षा नीति में निरन्तर परिवर्तन करने से शैक्षिक विकास विकास हेतु और अवसर देता है।

अध्यक्ष महोदय, जिस तीव्र गति से मनुष्य जाति ने अपनी जीवन शैली को समयानुकूल ढालकर जीने में सफलता प्राप्त की और सभी प्राणियों में से सबसे विकसित समुदाय बना। कहीं न कहीं इस कामयाबी का श्रेय समकालीन शिक्षा नीति में निरन्तर किए गए परिवर्तन है। अगर हम देखें कि प्राचीन काल से लेकर 21वीं सदी की शिक्षा नीति की तुलनात्मक समीक्षा की जाए तो पता चलता है कि समय—समय पर परिवेशानुसार विद्वानों ने शिक्षा प्रणाली का संशोधन किया और उसमें कई बदलाव लाया। उसी बदलाव के कारण आज हमारा देश हर क्षेत्र में लगातार विकसित हो रहे हैं। किसी विकसित देश की आर्थिक, सामाजिक, राजनैतिक, व्यवसायिक आदि इसलिए विकसित है क्योंकि उस देश की शिक्षा नीति निरन्तर परिवर्तन होते रहने के कारण शैक्षिक विकास में गुणवत्ता की वृद्धि होती रहती है।

अध्यक्ष महोदय, आज हमारे सामने उग्रवाद, अलगाववाद, लिंगवाद, बलात्कार, यौन शोषण, ब्रून हत्या, भ्रष्टाचार, और शिक्षा—दिक्षा आदि से संबंधित कई समस्याएँ हैं। असल में ये समस्याएँ समाज का ही हिस्सा हैं। अर्थात् सभी समस्याओं का सीधे संबंध हमसे है। हमें यह नहीं भूलना चाहिए कि

समाज को कौन नियंत्रण करता है? समाज का नियंत्रण विभिन्न धार्मिक ग्रंथ, दर्शनशास्त्र, संस्कृति और शिक्षा प्रणाली द्वारा दी जानेवाली शिक्षा करता है। अतः सबके मूल में शिक्षा नीति है। शिक्षा नीति अध्यापकों को नवीन समस्याओं के अनुरूप प्रशिक्षण देकर छात्रों के ज्ञान बढ़ते हैं। साथ ही चिन्तन-मनन के लिए उनके मानसिक विकास कराती है। खासकर आज के युवा पीढ़ी को देखते हैं तो ऐसा अभास होता है कि वर्तमान शिक्षा प्रणाली में नैतिक शिक्षा का अभाव है। हमारे पाठ्यक्रम केवल डॉक्टर, इंजीनीयर, जैसे मुनाफा कमाकर देनेवाली नौकरियों से संबंधित रोजगार में ही निर्भर होकर रह गया है। व्यवहारिक और नैतिक शिक्षा का अभाव हर विषय के पाठ्यक्रमों में पाया गया है जिसका बुरा असर समाज पर पड़ा। अतः केन्द्र सरकार द्वारा नवीन शिक्षा नीति के अंतर्गत नैतिक शिक्षा से संबंधित तत्वों को पाठ्यक्रमों में शामिल करने का विचार कर रहा है, चाहे वह साइन्स, आर्ट्स स्ट्रीम हो या डॉक्टर, इंजीनीयर की स्ट्रीम।

अध्यक्ष महोदय, सिद्धान्तों और मान्यताओं पर आधारित कुछ चीजें बदलती रहती है। प्राचीन काल से आज तक धार्मिक आस्थाओं के दृष्टिकोण से सूर्य और चाँद जैसे ग्रह, नक्षत्रों की पूजा की जाती रही है, साथ ही लोगों की यह गलत धारणा रही है कि उन पर मनुष्य द्वारा पहुँचना नामुमकिन है। मगर धीरे-धीरे विज्ञान ने सबके धारणा को गलत ठहराते हुए चाँद, मंगल और मारस पर कदम रखाना शुरू किया। इन उपलब्धियों के पीछे विज्ञान है और यह विज्ञान शिक्षा का ही देन है। आदि काल से अब तक की सफर में मनुष्य ने अपनी सोच को अनुभूति द्वारा प्राप्त ज्ञान आधार पर बार-बार बदली है। यह बदलती सोच

और इससे मिलनेवाली तमाम उपलब्धियाँ शिक्षा का ही एक महत्वपूर्ण हिस्सा है। भारत एक विकसीत देश है, एक विकसीत देश की शिक्षा नीति में निरंतर परिवर्तन करने से नवीन विमर्शों, विषयों को लेकर शिक्षक-छात्र दोनों को चिंतन मनन करने का सुनहरा अवसर देता है। इससे उनके ज्ञान बढ़ता है और वह ज्ञान समाज और देश के विकास में उपयोगी होता है। हर साल शिक्षकों की प्रशिक्षण, सेमिनार, संगोष्ठी आयोजित की जाती है। इससे शैक्षिक विकास साथ विभिन्न समस्याओं के मूल्यांकन हेतु नवीन दृष्टि मिलती है।

अध्यक्ष महोदय, आज के युग में कोई भी यह नहीं चाहेगा कि वही पुरानी गुरुकुल शिक्षा प्रणाली में बिना स्कूल भवन, प्रयोगशाला, कम्प्यूटर, डिजिटल चलचित्र, बर्ड-कलम, बेलक बोर्ड, इंटरनेट शिक्षा आदि के अध्ययन करें। मनुष्य की सोच हमेशा एक सा नहीं रहता वह नित्य प्राप्त अनुभूति के कारण निरंतर बढ़ती रहती है। उसी सोच के अनुरूप हमारी नीति का बदलना स्वभाविक है। हमें यह नहीं भूलना चाहिए कि परिवर्तन विकास का ही दूसरा नाम है।

अंततः हमें यह स्वीकार कर लेना चाहिए कि शिक्षा नीति में निरन्तर परिवर्तन शैक्षिक विकास में बाधक नहीं हैं।

16- शिक्षा नीति में निरन्तर परिवर्तन शैक्षिक विकास में बाधक हैं। (पक्ष)

अध्यक्ष महोदय, विश्व विख्यात विद्वान ब्रैकर ने कहा था "शिक्षण में छात्र मुख्य भूमिका का निर्वाह करते हैं और शिक्षक सीखने योग्य स्थितियाँ बनाता है।" इसी सिद्धान्त के समर्थन में माइकेल जोर्डन ने कहा कि "शिक्षा का अर्थ है- व्यक्ति की विशेष आदतों, रुचियों, मानसिक तथा शारीरिक क्रियाओं और नैतिक आदर्शों का विकास।" मगर विकास के नाम पर भारतीय शिक्षा प्रणाली ने हमेशा पश्चिमी शिक्षा प्रणाली को ही अंधानुकरण अपनाकर शिक्षक-छात्रों में परिष्करण करता आया है? इसका घाटक परिणाम आज हमारे सामने है। शिक्षा में आनाव्यश्यक निरन्तर किये गये परिवर्तन का ही फल है कि आज के युवा पीढ़ी में से नैतिक शिक्षा पूरी तरह गायब हैं। मेरे विपक्षी मित्र शिक्षा नीति में निरन्तर किये गये परिवर्तन से मिलनेवाले उपलब्धियों की गणना करते हुए गुणगान कर रहे हैं।

अध्यक्ष महोदय, भ्रष्टाचार, अलगाववाद, उग्रवाद, बलात्कार, लिंगवाद हमारी गलत शिक्षा नीति का ही देन है। सन् 1948 में पहली बार डॉ. राधाकृष्णन की अध्यक्षता में 'विश्वविद्यालय शिक्षा आयोग', फिर सन् 1952 में लक्ष्मी स्वामी मुरालियर की अध्यक्षता में ' माध्यमिक शिक्षा आयोग', सन्

1964 में दौलत सिंह कोठारी की अध्यक्षता में 'शिक्षा आयोग' आदि का गठन किया गया। इसी परंपरा को आगे बढ़ाते हुए तब से अब तक कई बार शिक्षा से संबंधित नीतियाँ बनाई गईं और आगे भी बनाई जायेगी। उन्हीं नीतियों के आधार पर हमारी शिक्षा प्रणाली ने देश की विकास में कई उपलब्धियाँ तो हासिल की मगर वे उपलब्धियाँ नैतिक शिक्षा के अभाव में कोई मूल्य नहीं है। हर दस साल में सी.बी.एस.सी. और अन्य बोर्ड के पाठ्यक्रम बदल जाते हैं। मगर अधिकांश पाठ्यक्रम और पाठ केवल रोजगार और मनोरंजन पर ही केंद्रित रहा है। पाठ चयन के दौरान नैतिकता से संबंधित विषयों को विद्वानों और चिंतकों ने विशेष महत्व नहीं दिया। बिना सोचे समझे और बिना प्रशिक्षण सुविधा के गलैमर दुनिया की अनावश्यक चीजों को शिक्षा नीति के अन्तर्गत पाठ्यक्रम में जोड़ने से शिक्षक-छात्र के शैक्षिक गुणवत्ता का स्तर नीचे गिरने का कारण बना। एक देश की शिक्षा का नींव ही कमजोर होंगे तो उस खोखली शिक्षा के कारण हमारी पीढ़ीओं से नैतिकता और मनुष्यता जैसे गुण और चेतनायें गायब हो जायेंगे। इनके अभाव में नवीन समस्यायें देश के अन्दर जन्म लेती रहेगी। इससे राष्ट्रीय सुरक्षा और राष्ट्रीय एकता खतरे में होंगे।

अध्यक्ष महोदय, चाहे विज्ञान का विषय हो या भूगोल, इतिहास या साहित्य का, सभी विषयों के समक्ष शिक्षा-दिक्षा को लेकर हमेशा कई नवीन समस्याएँ आती रहती हैं। इन स्थितियों में अच्छी शिक्षा नीति के अभाव में शैक्षिक विकास नहीं हो

पाता है। देश भर में शिक्षण व्यवसाय से संबंधित प्रशिक्षण केन्द्रों की संख्या बहुत कम हैं। शिक्षक में योग्यताएँ होने पर भी बिना प्रशिक्षण के वह अध्यापक या अध्यापिका एक ही पुरानी परिकल्पना अर्थात् विचारधारा और ज्ञान को लेकर छात्रों को पढ़ाते रहते हैं। उस अधूरे ज्ञान के दम पर आगे बढ़ना व्यक्तिगत और समाज के लिए हानी ही हानी है। गलत शिक्षा नीति के कारण आज बाजारवाद के प्रभाव से कई शैक्षणिक संस्थाएँ और प्रशिक्षण केन्द्र केवल मुनाफा कमाने के लिए मनमानी ढंग से कार्य कर रही हैं। कहीं न कहीं ये संस्थायें प्राइवेट कोर्चींग संस्थाओं से जुड़े हुए हैं और इसमें सरकार की ओर से कोई नियंत्रण भी नहीं है। इन महंगी कोर्ची सेंट्रों में प्रवेश ले पाना गरीब छात्रों के लिए संभव नहीं है। ऐसी शिक्षा नीति का अच्छा खासा प्रभाव समाज और देश पर पड़ता है। अतः हमें इस सत्य को स्वीकार कर लेना चाहिए कि— 'शिक्षा नीति में निरन्तर परिवर्तन शैक्षिक विकास में बाधक हैं।'

अध्यक्ष महोदय, मेरे विपक्षी साथी क्या यह भूल गये हैं कि आधुनिक सुख-सुविधायें नैतिकता, मनुष्यता, आपसी प्रेम के अभाव में व्यर्थ हैं। अतः परिवर्तन के नाम पर शिक्षा नीति में निरन्तर परिवर्तन नहीं करना चाहिए। इसके बदले में शैक्षिक विकास के लिए अन्य विकल्प ढूँढ़ने का प्रयास करते हुए शिक्षा के गुणवत्ता को बढ़ाना चाहिए। नवीन शिक्षा नीति के अन्तर्गत पीछली कुछ सालों से सी.सी.ई. अर्थात् (सतत एवं व्यापक मूल्यांकन) पद्धति को हमारी शिक्षा प्रणाली में लागू किया

गया जिसका घाटक परिणाम हम सबने देखा। छात्रों के संकल्पनात्मक और रचनात्मक मूल्यांकन से यह परिणाम सामने आया कि छात्रों की बाह्य और आंतरिक गुणों का पतन हो रहा है। पढ़ाई को लेकर उनमें गंभीरता नहीं रही इसका खास कारण है आठवीं कक्षा तक छात्रों को फेल(अनुत्तीर्ण) न करने की नीति और निर्देश। यह भी देखा गया कि छात्र के पास परीक्षाओं को आसानी पास करने के लिए कई अवसर दिया गया है, जिससे उनके मन में पढ़ाई को लेकर अरुची पैदा होने लगी। नई शिक्षा नीति से छात्रों और शिक्षकों के बोझ बढ़ा। सी.सी.ई. के कारण प्रशिक्षित अध्यापकों की कमी होने लगी। कई प्राइवेट स्कूलों में बिना प्रशिक्षित अध्यापकों से छात्रों को पढ़वाया गया। इस संदर्भ में सरकार के पास समाधान हेतु कोई तैयारी या योजना नहीं थी जिसके अन्तर्गत कम समय में अध्यापकों को प्रशिक्षण दे सकें या प्रशिक्षित अध्यापकों की भर्ती की जा सकें। इसका गलत फायदा गैर सरकारी शिक्षण संस्थानों ने उठाया, मन मानी तरीके से छात्रों को अंक दिये गये। परिणामस्वरूप विद्यार्थियों के बीच प्रतियोगिता कम हुई। शिक्षकों के अतिरिक्त काम बढ़ने के कारण उनके ध्यान पढ़ाई में कम और जिम्मेदारियों को निभाने में ज्यादा व्यस्त होने लगा।

आज भी छात्रों के योग्यता केवल दो-तीन घंटे की परीक्षा नीति पर ही निर्भर है। इस गलत शिक्षा नीति के कारण चाहे छात्र हो या नौकरी ढूँढ़नेवाला उनके पास योग्यता होने के बावजूद अच्छे परिणाम देने में सफल नहीं हो पाते। इन गलत नीतियों से

नई पीढ़ी की होसले, उम्मीदों का ह्रास हो रहा है। अतः पूरी तरह परीक्षा प्रणाली पर निर्भर न होकर व्यावहारिक परीक्षाओं में ज्यादा महत्व देना चाहिए। मैदान में खिलाड़ी की प्रतिभा और जंग में फौजियों की वीरता का प्रमाण व्यावहारिक स्तर पर ही संभव होता है, कोरा काज पर कलम से लिखकर अपने आप को सक्षम सिद्ध नहीं किया जा सकता है।

अध्यक्ष महोदय, आपके सामने एक और उदाहरण रखना चाहता हूँ कि चाहे इंजिनियरी सार्वीस हो या डॉक्टरी या आई. ए. एस. की परीक्षा लिखित परीक्षा पर ही निर्भर है। इसलिए जब वे व्यावहारिक स्तर काम करने का प्रयास करते हैं तो वे अपने आप को असफलता की स्थिति में पाते हैं या आगे चलकर जब वे पोलिसी मेकर बनकर जो भी पोलिसी बनाती है, वे पोलिसी व्यावहारिक स्तर पर अर्थहीन और असफल होता है। इन पोलिसी मेकरों के अयोग्यता, असफल होने के पीछे हमारी गलत शिक्षा नीति है। जो प्रशिक्षण या नैतिक शिक्षा उन्हें देना चाहिए वे उन्हें नहीं मिला। सरकारी दफ्तरों में आरामदायक कुर्सी पर बैठकर दूर किसानों की समस्याओं का समाधान करने का ज्यादातर प्रयास असफल होंगे। आज भी किसान आत्महत्या जैसे संवेदनशील घटनाओं से पूरे देश में हाहाकार मचा हुआ है। इसका जिम्मेवार केवल नेता और सरकारी अफसर नहीं है, सबसे बड़ा जिम्मेवार हमारी शिक्षा नीति है जिसने इन पोलिसी मेकरों को अच्छी शिक्षा नहीं दी। इन गंभीर समस्याओं को नजरअंदाज करके पश्चिमी शिक्षा नीति के पीछे दौड़ते रहना कहाँ तक सही

होगा। अतः छात्रों के व्यक्तित्व का विकास करने हेतु एक अच्छी शिक्षा नीति को ही लागू करने से ही शैक्षिक विकास संभव है। उदाहरण के लिए अगर एक किसान का बेटा जब आई.ए.एस. अफसर बनकर पोलिसी मेकर बनेंगे तो वह कृषि क्षेत्र और किसानों के समस्या आदि को बेहतर और बनाने हेतु साकारात्क पोलिस बनाने में सफल होंगे। क्योंकि उसने स्वयं अपनी जिन्दगी में व्यावहारिक स्तर पर प्रत्यक्ष सब कुछ भोगा है, समस्याओं का सामना किया है। वह उस समस्या का समाधान जानता है। उसकी अनुभूति केवल किताबी ज्ञान न होकर भोगी हुई अनुभूति पर आधारित ज्ञान होगी। अतः हर क्षेत्र में व्यावहारिक(प्राक्टिकल) अनुभूति (फिल, एक्सप्रियेंस) आवश्यक है।

अध्यक्ष महोदय, आज की शिक्षा व्यवस्था आज के परिवेश और आवश्यकताओं के अनुसार न ढाल पाने के कारण अर्थहीन हो गई है, हमें यह सबक सीख लेनी चाहिए कि—मनुष्य का यह कर्तव्य होता है कि वह हर कार्य अच्छी तरह से, सोच-समझकर करे, ताकि अंत में पछताना न पड़े। इस बात को काव्यत्मक लहजे में गिरधर कवि ने कहा—

“बिना विचारे जो करे, सो पाछे पछताय
काम बिगारे आपनौ, जग में होत हँसाय।।”

अतः बिना सोचे-समझे किया गया कार्य हजारों आपत्तियों की जड़ होता है। हमें किसी भी नीति को लागू करने से पहले, उस नीति की सार्थकता और निरर्थकता पर अच्छी तरह से विचार कर लेना चाहिए, अन्यथा भाग्य के थपेड़े

आजीवन रूलाते रहते हैं। इसलिए हमें समय और समस्या को पहचानने की योग्यता विकसित करनी चाहिए। पंचवर्तीय योजनाओं और मानव संसाधन विकास के कार्यक्रमों के अंतर्गत अधिकाधिक राशि व्यय(इनवेश) की जा रही है, किंतु इसके बावजूद भी शिक्षा को सही दिशा नहीं मिल पा रही है। अतः नैतिक शिक्षा से संबंधित पाठ्यक्रम तैयार करते हुए हर विषय में आनेवाली नवीन समस्याओं और चुनौतियों का समाधान करने का प्रयास करना चाहिए। साथ ही शैक्षिक विकास क्षेत्र में नई क्रांति लाने के लिए एकाधिक राज्य और केन्द्रीय प्रशिक्षण केंद्रों की स्थापना करने से ही शिक्षा व्यवस्था पर लगी तमाम दाग धूल सकेंगे।

अध्यक्ष महोदय, प्रतिभा हर व्यक्ति में होती है। और किसी देश की प्रतिभा उसके व्यक्तियों में छुपी होती है। उनके प्रतिभा को बहार आने का मौका देना चाहिए। इन मूल्यों को अनदेखा करके केवल वोट बैंक, यश और अर्थोपार्जन को लक्ष्य बनाकर अनाव्याश्यक शिक्षा नीति में निरन्तर परिवर्तन शैक्षिक विकास में बाधक है। जिसका नुकसान देश और समाज को भूगतना पर रहा है। अंततः हमें यह स्वीकार कर लेना चाहिए कि 'शिक्षा नीति में निरन्तर परिवर्तन शैक्षिक विकास में बाधक है।' धन्यवाद!

“Caring for environment”

Know your state: Pung

Image Courtesy : e-pao.net

Pung or Manipuri Mridanga is the soul of Manipuri Sankirtana music and Classical Manipuri Dance. It assumes an important ritual character, an indispensable part of all social and devotional ceremonies in Manipur, the instrument itself becoming an object of veneration. Pung Cholom is performed as an invocatory number preceding the Sankirtana and Ras Lila. It is highly refined classical dance number characterised by the modulation of sound from soft whisper to a thunderous climax. Pung cholom borrows elements from the Manipuri martial arts Thang Ta and Sarit Sarak and also from the traditional Maibi Jagoi dance.
